Hospital Governing Board Adds 2 Laymen

Lyle F. Gulley and Austin Witter Named Under By-Laws Change

Appointment of two lay persons to the governing board of St. Elizabeth Hospital was confirmed Monday afternoon during a meeting of the Lay Advisory Board at the hospital.

First layman to be named to the board is Lyle F. Gulley, president of Granite City Steel Co., who will be the seventh member of the governing body now made up of six Sisters of Divine Providence, Austin G. Witter, manager of taxes for General Steel Industries and president of the Lay Advisory Board, was named an ex-officio member.

Sister Mary Thomas, hospital administrator, said the governing board amended its by-laws last week to increase membership from six to seven and to allow for appointment of ex-officio members.

Policy-Making Body

"Under the new by-laws," she said, "laymen will be allowed to participate in the policy-making responsibility for the hospital. The annual membership meeting of the governing board will be held in September."

Present members of the hospital's board of directors are Mother Mary William, previous administrator at St. Elizabeth Hospital (1952-56) and now Provincial Superior.

Sister M. Lucia, previous administrator (1959-60) and now principal at St. Elizabeth's school here.

Sister Mary Paul, previously supervisor of pediatrics and x-ray supervisor and now assistant administrator.

Sister Marce, medical supervisor; Sister Jerome, RN, and staff nurse, and Sister Mary Thomas, administrator.

The entire board of directors for the hospital is now composed by members of the corporation, where previously only the president was elected and appointed the remaining members.

"The Sisters have made the first step in including lay members on the board," Sister M. Thomas said, "and hope soon to add to the lay membership."

Industrial Backgrounds

"The choice of Mr. Gulley and Mr. Witter as first lay board members is highly appropriate for the Sisters of Divine Providence whose largest hospitals are in highly industrialized cities of Offenbach, Germany, Pittsburgh and Braddock, Pa., and of course, Granite City. The bishop who founded the order of Sisters showed during his lifetime a great interest in the health of industrial workers."

Mother Mary William commented that the broader participation on the board will provide greater vision of laymen.

LYLE F. GULLEY First to be Named

AUSTIN WITTER Ex-Officio Member

600 Walk Out at Laclede Steel; Plant Shut Down

Efforts to resolve issues that resulted in an unauthorized strike of about 600 workers at Laclede Steel Co. in Madison last night were under way today by officials of United Steelworkers of America but were reportedly unsuccessful early this afternoon.

The walkout started at 10:30 p.m. yesterday. As a result, most of the 11 p.m. shift failed to report for work and the company announced a shutdown of production a few hours later.

Several hundred pickets gathered in groups outside the Madison plant throughout the night, a few of them carrying signs declaring "We Want Justice" and "Support Your Union Members."

The 7 a.m. shift also failed to report to the plant today.

Strike Unauthorized

Buddy Davis, business representative of USA Local 1785 of which Laclede steelworkers are members, went into meeting with striking union members at 10 a.m. today at the Labor Temple.

He told reporters earlier that the strike was unauthorized and had occurred spontaneously.

Nameoki Tax Payments Running Behind

An amazingly small collection of taxes owed by Nameoki township taxpayers—a savings for which officials said they had no immediate explanation—was reported by township tax collector Gene Rottler yesterday as his collection office prepared to shut off local tax payments late Friday afternoon.

Rottler's tax collection office in the Granite City Trust & Savings bank said that a total of \$238,380 had been paid as of yesterday.

The total Nameoki tax bill for the 1967 tax year amounted to \$1,248,867, up \$68,997 over last year's total tax charge of \$1,179,870.

On this basis, collections until yesterday amounted to only 19% of the total tax charge.

Only One Day Less

Tax collections have been made this year in the Granite City Trust & Savings bank during regular banking hours. Rottler said his office then will balance the books and forward them to the county treasurer's office.

Rottler said he had no immediate breakdown of collections of real estate and personal property taxes until the books are balanced.

At the same collection period

Building Increases In City For June

61 Permits—\$332,321; Industrial, Commercial Expansion Included

Sixty-one building permits issued in Granite City during June listed values of \$332,321, a large increase over June of last year when values were \$164,528 and well over May when 36 permits showed costs of \$82,725.

Major projects during the month included an American Steel Foundries electric furnace building at a cost of \$119,808, a service station at the Bellemeade Village shopping center at \$30,000 and a car wash at 2226 Madison avenue at a cost of \$24,000.

The permit for the month showed three permits for homes at \$42,000, seven for additions to homes at \$10,512, 10 for garages at \$11,832, 31 for remodeling and repairs at \$37,845, nine for commercial-industrial purposes at \$220,131 and one miscellaneous at \$10,000.

In addition, three permits were issued to raze structures at a cost of \$300.

Woodrow Crisman, 2030 Illinois avenue, one-room addition, \$500; Harold Stallings, 2068 Grand avenue, one-room addition, \$1250; Melvin Welker, 2131 Cardinal avenue, a carport, \$700; Edgar Schramm, 2008 Iowa street, a porch, \$850.

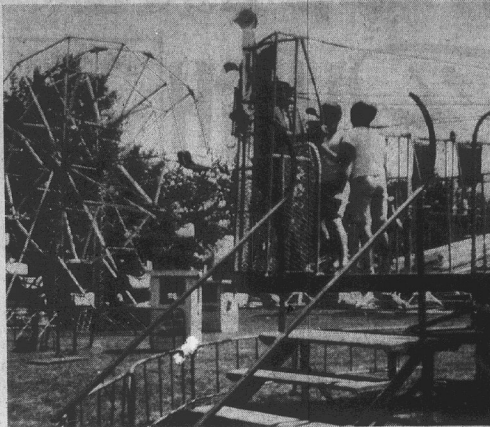

Paul J. Baker, 2323 State street, concrete basement floor and repair, \$675; Harold Presson, 2335 Edison avenue, erect a retaining wall, \$200; Carl and Hilda Johnson, 2204 Illinois avenue, erect a front porch, \$200.

Harold Long, 2580 East 27th street, install aluminum siding, \$800; Samuel Whitmer, 2312 State street, gutters from porch and repairs, \$1000; Milo Knuckles, 2660 Edwards street, repair small portion of roof, \$15; Samuel Kosch, foundation and repairs at 2602 West 20th street, \$2000.

Salomon Eagles, 4625 Maryville road, remodel interior, \$2800; Edward McKenna, 2441 Illinois avenue, rebuild back porch, \$800; Frank Scott, 2432 Grand avenue, enclose front porch, \$500; Eugene Monahan, 2432 Benton street, enclose eaves, \$200; and Raymond V. Meter, 2815 Edwards street, rebuild five rooms and bath, \$2000.

Samuel Potillo received a permit to raze a six-room house at 2710 Denver street at a cost of \$300.

SNEAK PREVIEW of things to come starting this evening is taken by three boys who are anxious for the Fourth of July festival. On the whirling cake machine are Steve Kraus, 11, Pat MacMillan, 12, and Scott Griffith, 12. Similar rides are being set up for the July 4 festival in Madison.

Mayor Refuses to Sign City's Garbage Contract

(Related story on Page 13)

In another sweaty, steamy session, Granite City council members and the mayor continued their fusing and feuding Monday night—this time over who's to sign the new \$180,015-a-year garbage-truck collection contract.

In a lengthy prepared statement, Mayor Partney stated emphatically that he refused to sign the document, especially since the council voted down one proposal at \$128,368—\$65,530 lower.

Last week, on a motion by Alderman Robertson, the council voted to instruct Mayor Robertson to sign the contract, since the new contractor, Milam Corp., St. Louis, was to start Monday, July 1.

In his refusal messages, Partney delegated his power to sign the contract to Alderman Robertson. He noted that Robertson was a member of the 1967-68 Sanitation committee that engineered this contract through the council.

"As it was by his motion and recommendation that we enter into a contract with the higher bidder, I feel it proper that he be the person designated to sign the contract."

Robertson replied, "You do me honor to let me perform your duty, especially since the low bidder did not file a financial report. Your letter to the council is a very good political letter. Now, if you'll leave town for a week and appoint me mayor, I'll sign the contract."

Alternate Proposals

In his letter to the council, the mayor pointed out—this contract was granted without taking into consideration the other two bidders' alternate bid proposals—was a savings of \$12,000 for once-a-week pickup during the months of June, July and August, as we are to have plus another \$9000 savings for the contractor using its own disposal area (the city's present disposal area is practically depleted), or with

Safe Driving Urged as Traffic Toll ZOOMS

Stern warnings that Quad-City motorists must employ greatly increased driving precautions to avoid a disastrous traffic accident toll during the Fourth of July holiday period came from area authorities today in the face of a steadily increasing record of local area accidents, injuries and fatalities.

Emphasizing the need of greater safety practices, they noted that nine Quad-City area deaths were chalked up in June, the greatest number of any single month in many years.

To enforce the warnings, police and traffic authorities have been mapping strong enforcement programs for the Fourth of July period which, for many persons, will be a four-day holiday. Traffic safety officials estimate between 500 and 600 persons will die on the nation's highways in traffic accidents alone during the weekend.

Statistics for June listed a total of 200 traffic accidents in the Quad-City area, with 142 persons injured and nine dead. While the number of accidents

July 4th Fetes Open Tonight In GC, Madison

GC Fireworks at 9 p.m. Tomorrow; Dusk Sun. On Madison Grounds

Varied entertainment designed to appeal to all age levels is planned for the five-day Fourth of July holiday observances in the Quad-Cities. Dual celebrations will start this evening at Wilson Park in Granite City and on Madison's Third street recreation grounds.

The latter event will be held this year under the auspices of the Madison Lions Club, which allies its sponsorship with Madison Amvets Post 204.

Once again, area residents may expect a spectacular pageant of fireworks by the sponsors of the Madison fete and the Wilson Park officials. Each of the displays will stage brilliant night-time pyrotechnics costing more than \$1000.

Fireworks Display Times

The fireworks extravaganza are planned in Granite City for 9 p.m. tomorrow, July 4, and in Madison at dusk Sunday, the final day of the observance. The traditional exhibits will include "showers of stars," crazy wheels, oriental fountains, American flag sparkling waterfalls and several novelty displays, the show directors report.

Special features at the Wilson Park festival include an assortment of midway rides, operated by Ray Sweeney & Co., sponsored by the Madison fair, and a parade of floats and price tag floats for youngsters, with rides priced at 15 cents each between 2 and 5 p.m. Saturday and Sunday; the park district's 20th annual fast-pitch softball tournament; two teenage dances from 7:30 to 10:30 p.m. tonight and Saturday; a concert by the Granite City high school band from 4:30 to 5:30 p.m. tomorrow; and a Land of Lincoln Club and Gun show at the park pavilion from 9 a.m. to 9 p.m. Sunday.

Madison Ride Matinee

Carnival rides at the Madison fair also will be operated on the Third street picnic grounds throughout the five days. Children's matinees at the fair are scheduled for Saturday and Sunday afternoons.

Madison-Venice Khoury Baseball league teams will compete in games at the adjacent baseball diamond during the celebration and a contest, scheduled for 10 a.m. Saturday, will feature personnel from the Venice and Madison police departments against Tony and Joe's Tavern.

Robert E. Rogers, newly installed Madison Lions Club president, said that the Madison festival, said that many food stands and other types of concession booths are being set up today at the celebration site by local groups, including popcorn stands, operated by the Madison Auxiliary Police Corps and a "dunkin' machine," sponsored by a Madison Boy Scout troop.

At Wilson Park, an eight-team slow pitch softball tournament gets underway at 10 a.m. tomorrow. The park district's 20th annual fast pitch tournament will start at 7 p.m. Friday, with two games slated for Wilson Park and two at Worth.

(Continued on page 7, col. 4)

Chain of Rocks Bridge To Be Closed 2 Weeks

The Chain of Rocks bridge will be closed for repairs for about two weeks beginning July 9, Madison Mayor Stephen Maerz announced today.

Expansion joints pulled out of concrete at Pier No. 9 because of insufficient traffic. The Robinson Steel Construction Co. of St. Louis will do work at a cost of about \$7200. Some broken rivets also will be replaced.

State highway departments are being asked to detour traffic on both sides of the river, over the second time this year that expansion joints have become defective. The other was early in the year at pier

Meanwhile, consulting engineers have advised that the city defer painting of the bridge until next year as painting bids received recently are too high.

New 2-Year Pact For Union Starch Workers Signed

A new two-year contract covering about 100 production workers at Union Starch & Refining Co., part of Union Division of Miles Laboratories, Inc., was signed this week by the company and the Oil, Chemical and Atomic Workers Union, Local 7463.

Negotiation of the new contract which features a flat 15-cent-per-hour wage increase "across the board" for all union members was completed Friday in what union and company representatives termed "peaceful and harmonious" negotiations.

Thomas Austin, president of the union, said union members ratified the new contract by a 75% vote margin in a meeting at the Labor Temple Monday night.

The company released no details of the contract provisions, but said "the new contract calls for a substantial wage increase in addition to an improved pension program, accident and health provisions and other benefits."

All Wages Raised

The agreement was the first to be negotiated since the corn processing and refining operation in Granite City was acquired by Miles.

Austin said the 15-cent wage boost will apply to all classifications of workers ranging from a previous \$2.81 per hour for laborers to \$3.63 per hour for top mechanics.

The contract also provides a 10-cent per hour increase in the pension program and another five-cent per hour increase for insurance. Other changes

Cong. Price to be Guest At Letter Carrier Meet

Cong. Melvin Price, D-East St. Louis, and Jerome Keating of Washington, D.C., president of the National Association of Letter Carriers, will be the guests here Saturday, June 20, at a district meeting of the Illinois Federation of Letter Carriers.

About 300 carriers and their wives are expected to attend the meeting of the South Central District of the federation, hosted by Letter Carriers Branch 1132 of Granite City.

The program will be conducted in the American Legion Post 113 home. The district consists of 53 locals. There are 353 locals in the state.

Branch President Edward Heinz said Cong. Price has urged consistently for legislation favoring the letter carrier and "this is our opportunity to show our thanks and appreciation."

Keating is president of the 210,000 members of the National Association of Letter Carriers.

Heinz noted that Keating's presence at the district meet "will be a distinct honor to Granite City and our branch. He will be here, however, for the same purpose as his brother carriers; namely to show our thanks and appreciation for Cong. Price's efforts in Congress for the letter carriers."

Veeder Re-elected JA Board Vice-President

Nicholas P. Veeder, board chairman of Granite City Steel Co., was re-elected vice-president of Junior Achievement of Mississippi Valley, Inc., at the 1968-69 program planning meeting held yesterday in the Sheraton-Jefferson Hotel, St. Louis. Re-elected president of the board of directors was H. L. Young of American Zinc Co., with Wayne Luyens, a senior partner in the firm of Arthur Andersen & Co., named board chairman. The Granite City Steel senior executive served as vice-president of the two-state metropolitan JA board last year and as a member of the board of directors the last 12 years. Other officers elected for 1968-69 were: Russell R. Castee, vice-president, Olin Matheson Chemical Corp.; John Mitchell, president, First National Bank of St. Louis; and Harold E. Thayer, president, Mallin Chemical Works. The all named vice-presidents: George Rosborough, president, Measuring Co., secretary; and Richard H. Bennett, vice-president, General American Life Insurance Co., treasurer. Among the directors presenting committee reports was C. E. Townsend, Press-Record editor-publisher and chairman of the board's publicity committee, who discussed JA activities planned for the coming year. He also urged Junior Achievement leaders to further promote the organization through increased use of industrial trade papers and in-plant publications, in addition to coverage in newspapers and other public news media. A non-profit organization, Junior Achievement of Mississippi Valley, Inc., is designed to teach teenagers the all chances of business operations and values of a free enterprise system. In addition to all Quad-City area, the Mississippi Valley JA program covers the Illinois communities of Wood River, Alton and East St. Louis and St. Louis city and county area to Wentzville in Missouri.

2000 Attend NAACP Meet at Atlantic City

The National Convention of the NAACP was held last week in Atlantic City, N. J., with over 2000 delegates attending, including Hugh Hefington of Venice, Mrs. Thomas Weston and Mrs. Thelma Gibbs of Macomb. It was incorrectly stated the convention was held in Georgia with only 200 delegates present.

Safe Driving

In the area, resulting in injuries to 131 persons and fatal injuries to 14 in February and January 1967, there were 170 accidents in comparison, resulting in 89 injury cases and one fatality. In February the ratio jumped substantially again, with a total of 180 accidents compared to 143 in February a year ago, 98 injuries compared to 57 in February 1967, and two fatalities compared to one the same month in the previous year. In March and April there were slight decreases in the number of accidents and injuries—176 accidents and 81 injuries in March compared to 177 accidents and 99 injuries in March 1967, and 155 accidents and 106 injuries in April compared to 181 accidents and 111 injuries in the same month of 1967. But in May this year, the number of accidents increased again over statistics of a year ago, with 217 accidents compared to 196 in May a year ago. May injuries this year dropped, however, to 126 from 154 a year ago followed by the increases in June.

ROTC Commander at SIU-SW To Return to Active Duty

After more than three years behind a desk at the Southwest and Southern Illinois University, Lt. Col. Joseph Horvath, head of SIU-SW's ROTC program and an assistant professor of aerospace studies at the university the past four years, will forsake academic life for active duty in Vietnam and the Philippine Islands.

The 17-year Air Force veteran will depart the Southwest campus July 28 for Sewart Air Force Base, Nashville, Tenn., where he will be reassigned with navigational duties aboard C-130 transport planes before assignment in Southeast Asia.

Although he admittedly feels sometimes "like a civilian," Horvath concedes "it's going to be a little awkward getting used to a cockpit again," the veteran officer commented, "it doesn't take long for me to develop my wings."

Prior to joining the SIU-Carbondale faculty in 1961 and subsequent appointment as head of the ROTC program at SIU-SW the following year, Col. Horvath flew as navigator in a variety of different aircraft around the world and functioned as administrative and educational officer from "here to Tripoli."

Father of Eight

He also has a commendable record as a father, with eight children, ranging in age from three to 17, each of whom was born in a different state.

His wife, Betty, and the four boys and four girls, will accompany him in October to the Philippines, where he will be based for two years while air-lifting supplies to Vietnam.

"The Vietnam angle is the only disturbing aspect about the transfer," Col. Horvath said, "otherwise everybody in the family is excited about going overseas."

The Horvaths, like most military families, are used to the hasty changes of moving. They have changed houses 20 times since Horvath was commissioned in 1951 at Ohio University.

After graduating with a degree in business administration and spent a year in Omaha, Neb., as administration officer of an aircraft control and warning squadron, followed with pilot training at another base, navigator's school in Texas, fighter-bomber training at Sacramento and radar instruction in Utah. In 1955, he was shipped to Tripoli.

Faerie Foreign Royalty

Although an administrative officer for security service in Africa, he flew numerous proficiency flights to keep his navigator's standing, on occasions ferrying foreign royalty from one destination to another as a courtesy gesture by the U. S. government.

Upon returning to this country two years later, he was assigned to a B-47 bomber crew at Plattsburg, N. Y., from where the flyers simulated bombing missions throughout the northern hemisphere under the Strategic Air Command.

In 1959, Col. Horvath was attached to a B-52 bomber squadron at Ramen AFB in Puerto Rico, flying similar missions and his next tour brought him to Maxwell AFB in Alabama, where he concentrated on radar

identification of targets for bombing. Further training and academic schooling at still another base preceded his assignment at the university in 1964.

"Our aerospace program at SIU-SW has difficulty getting off the ground because of space problems," the Air Force officer recalls. "But everybody else had the same problem, so we just did the best we could until better accommodations became available." He noted that the program started out with four students enrolled and a few others taking courses as electives.

Classes in Attic

Classes were held initially in the attic of one of the former homes that stood the countryside campus, Col. Horvath said. "However, with the opening of the Peck Classroom Building in 1965, ROTC headquarters was moved to the second floor of the new building and classes conducted in available rooms."

Since that time the aerospace program has grown considerably. Four cadets were commissioned as second lieutenants during the 1966-67 year and nine more received their commissions two weeks ago. "It looks like the university will have a big group next year, too," the officer stated. "I'll be watching the statistics."

Commenting on the ROTC cadets, Col. Horvath said, "You find yourself rooting for them like you are a parent; and they also have a similar sense of pride when they are commissioned."

The cadets nurture this relationship, too, which is marked by intense respect for both officers and non-commissioned officers alike. The non-coms have the advantage, however, when the boys receive their bars, Col. Horvath noted. As soon as the new lieutenants walk outside, the non-coms are there to throw them snappy salutes—at a dollar a throw and at the expense of the new officers, he explained.

The ROTC commander admits he will miss these academic traditions and the school itself. "It is time to accept the next phase," he said. "I feel I've done an adequate job here and now I'm hoping to do a better one in Vietnam."

Most people at SIU believe he will, especially the cadets in blue.

\$25-Per-Plate Dinner Set for Paul Simon

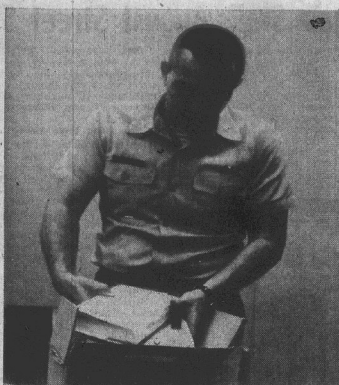

A Democrat fund-raising dinner to aid the candidacy of State Sen. Paul Simon of Troy, candidate for lieutenant governor of Illinois next November, will be held Saturday, July 13, in Augustine's restaurant, Belleville, it was announced today by Walter T. "Buck" Simmons, of Venice, chairman of the State Central Committee.

Simmons said the \$25-a-plate dinner will be the only event of its kind in Southern Illinois between now and the Nov. 5 general election and will include all counties from Sangamon south to Alexander. The dinner will be served at 7 p.m.

Tickets may be obtained from Simmons or from James Chapman, Madison county recorder of deeds. Simmons asked that reservations be made by next Monday.

Collide in Venice

A car driven by Jiles Potter, 2147 Orville street, and a taxi cab driven by Phillip Hearne, St. Louis, were damaged at 4:25 p.m. yesterday at the west end of the viaduct on Broadway in Venice. Police said Potter was driving east on Broadway and Hearne was turning onto Broadway off McKinley street when the crash occurred.

LT. COL. JOSEPH HORVATH, ROTC commanding officer at Southern Illinois University-Southwestern campus since 1965, stows his academic tools and prepares to unpack his flying togs again for a tour in Vietnam and the Philippine Islands. The 17-year Air Force veteran will depart this month for Sewart Air Force Base, Tenn., prior to assignment overseas.

\$3000 Repair Job Ok'd for City Hall Air Conditioner

Another trip to repair the city hall air-conditioner will be about \$3000, made before the next regular Granite City Council session on July 15.

The council voted unanimously for the repairs, even though it was a cooler 85 degrees in the council room Monday night, compared to 94-95 degrees a week earlier.

Mayor Partney said he had tried to arrange for repairs last week, but was informed the wiring in the city hall would not handle the large unit. He reported conferring with an electrical firm and being advised that a new line and meter could be installed and the compressor for the unit placed on the roof at a cost of about \$3000.

Bartosiak noted he had recommended two years ago the city hall be rewired. "We had \$12,000 in the budget a year ago to start the \$32,000 job, but the funds were taken out."

He added that if the city hall is not air-conditioned soon there would be a chance that the magistrate and circuit courts would move out of Granite City. "We don't want that to happen," he added.

The motion was for the repair job to be undertaken with bids to be sought by the comptroller. Mayor Partney said it would take about two weeks to get the job done.

Masons Plan 'Early Bird' Degree Session

An "early bird" degree, that of Master Mason, will be conferred at 6 a.m. Thursday, July 4, at the Masonic Temple. This is the second year the ceremony has taken place at the early hour on Independence Day. After the degree has been conferred the lodge members will go to the dining room for breakfast, finishing at about 9:30.

Parked Car Struck

A parked car owned by Carol P. Peach, 1507 Market street, Venice, was damaged at the left rear about 7 a.m. yesterday when it was struck in front of the Peach residence. The driver of the car fled the scene after the crash.

Council Cancels \$8500 Salary for Public Engineer

The Granite City council voted 11-4 approval Monday night of an ordinance to eliminate the \$8500 yearly salary set up for the public engineer.

The request for the ordinance to cancel the salary was made last week by Alderman Moerlen, after Mayor Partney had made a second 30-day appointment, naming Edward J. Sheppard, Morgan & Schwaab as public engineer. Moerlen has opposed the appointment.

Mayor Partney said J. Sheppard would be paid under the minimum fee schedule set by the

professional engineers association. Payment to him for a lift station inspection last week was held up by the council.

Voting for the ordinance to eliminate the public engineer salary were Dallas, Moerlen, Bartosiak, Boyd, Poulos, Green, Basarich, Nomm, Partney, Robertson and Dawes. Opposed were Whitman, Rutledge, Fry and Jarrett. Alderman Johnson was absent.

City Attorney Fees

An ordinance setting forth a minimum fee schedule for extra duties by the city attorney and limiting attendance at meetings under the regular salary to four council sessions a month was placed on first reading.

No action was taken on another ordinance distributed by Alderman Rutledge outlining a 1968-69 budget as prepared by Mayor Partney. The

city's new fiscal year began May 1, and negotiations on salaries for city workers have bogged down.

The mayor's budget total is \$2,546,023, up \$275,200 over the 1967-68 budget, with a \$90,000 figure for salary increases.

Tight Budget Meeting

Rutledge urged the council meet next Monday night (usually on off-nights) to get started on the budget which is to be adopted this month.

"There isn't much time left, especially since we haven't discussed the departmental figures and the wage increases sought by employees," Rutledge said.

No one, however, took any action to call a special budget meeting.

"You recall," Rutledge added, "we had to meet in several extra sessions last year, in-

cluding Saturdays. We'd better get started."

Read into the minutes at the request of Alderman Robertson was a statement he made to the Press-Record last month criticizing the veto of special improvement projects from the budget last year and the failure of the city to meet with local bankers to review the city's financial condition.

Faces Traffic Charge

Joe Walter Jr. of Brooklyn was arrested by Madison police at 11:30 p.m. yesterday on a charge of running a signal light at Third street and Madison avenue. Walter posted bond pending a hearing in magistrate court next Wednesday.

Stop Sign Violation

Police arrested Charles E. Martin, 4861 Walters street, last night on a charge of running a stop sign at 13th street and

Grand avenue in Madison. Martin posted his driver's license as bond pending a hearing next Wednesday.

Burned by Firecracker

Pierre Butler, 10, of Venice, was burned about the neck in several places when an older boy threw a lighted firecracker at him, the boy's mother, Mrs. Zelma Turnage, reported to Venice police at 8:30 p.m. Monday. The boy was treated at St. Elizabeth Hospital.

GC Council Again Stalls August Street Swap Problem

Council members indicated they might go to condemnation proceedings to secure the 0.3 acres of Granite City Steel Co. property needed for drainage ditches in the \$3,300,000 storm water program.

However, no support was voted to hire an appraiser to determine the price of the acreage on which the steel firm has placed a \$80,000 value.

Alderman Bartoski, chairman of the Special Sewer committee (under both the mayor and council committee appointments), said he is to get the mill property between East 23rd street and Edwardsville road.

"We'll know then what the tax value is, and if it's low, we'll tell the assessor what Granite City Steel Co. thinks it's worth."

Most city council members do not want to give up the 3.3-acre right-of-way for August street with cuts through steel mill property between East 23rd street and Edwardsville road.

No Bond Issue Money

Bartoski pointed out the city storm water bond issue does not have enough money to cover purchase of the ditch right-of-way that would be on steel mill property that would be along East 23rd street to Namook road and then along Namook road and under Edwardsville road to continue on the mill's blast furnace plant property to the East Side Levee & Sanitary district ditch that empties into Horseshoe Lake.

Several council members have stated they would agree to the exchange for the storm water ditch right-of-way for August street provided Granite City Steel Co. would agree to annex the blast furnace plant to the city. The plant is in Nameoki township.

Bartoski repeated that if the city will not vacate August street, it should prepare for condemnation proceedings and hire an appraiser to set a value on the needed ground.

When asked where funds would come from to pay the appraiser, Bartoski replied he didn't know, but later stated the money for appraisal and for buying the property would have to come from regular city funds rather than the bond issue.

Should Have Known

Fry asked why the ditch right-of-way need had not been brought out earlier. "Surely someone knew I've seen sets of plans for the project prepared by H. W. Lochner Co. and every one showed it out across August street which indicated there must have been the intention to abutment the street. This would have required some consideration by the council."

Whitmer commented the city would have to secure the property by some means—probably condemnation since project construction is under way. "We've got to provide the ditch right-of-way for August street, and we can't let that happen."

Alderman Parmley said he would vote "no," since persons living in the Sixth Ward had rejected the entire project during the bond issue vote. "I can't see having an appraisal."

Urging the abandonment of August street, Alderman Green said only a few people use it as a shortcut to get to Pete & Mary's tavern on Lincoln avenue. "This looks like a good exchange to me—nine acres for three acres—and we'd be able to go ahead on the storm sewer project without delay and added cost."

2 Minutes Added Travel

Rudolph said he took the area with his car over the weekend, and traveling at the same speed, there was only a two-minute difference in time by going around the tract of steel mill land, rather than cutting across August street. "It looks to me that the only thing we can do is close August street and inconvenience a few people to the extent of four minutes a day."

"Let's take it to court," Basarich remarked, "and show them who's running the city."

Bartoski cautioned that the total cost to the city could exceed \$100,000, "and it'll have to come from general revenue."

Voting to hire an appraiser were Aldermen Bartoski, Whitmer, Boyd, Poulos, Green, Basarich, Jarrett and Dawes. Opposed were Morrison, Rutledge, Fry, Parmley and Robertson.

Mayor Votes "No"

With the vote 8-to-5, showing half of the council voting "aye," the mayor was called upon to vote. Parmley said he would vote "no" because of the added expense. Absent when the vote was taken were Johnson, who had advised the council he was on vacation, and Nonn and Dallas, who had departed for work before the vote was taken at 10:15 p.m.

After the vote, Bartoski remarked, "We might as well stop the project. No use to have pipes in the ground leading to nowhere."

His motion to notify the contractor to stop work was seconded by Boyd, but later withdrawn after it was pointed out the city had a legal contract for the project.

"Whose fault is this?" Poulos asked.

Bartoski shrugged that he didn't know. He added that when he took over the committee, he was advised by former committee members there would be no easement problems.

With that, the discussion halted, and the council went on to other business.

MORE ABOUT

Nameoki Tax

This year's collection will be substantially below that of a year ago, it was noted.

Meanwhile, a total of \$297,130 in tax payments had been made to the Granite City treasurer's office yesterday. City Treasurer E. R. "Pat" Rick said this figure represents taxes received during the first five days of the tax collection period which opened on June 24. Granite City taxpayers may pay their bills at the treasurer's office from 9 a.m. until 5 p.m. daily, Monday through Friday.

Rich said collections included \$170,799 in real estate taxes and \$38,361 in personal property taxes. A total of \$7,538,357 is charged for payment by Granite City taxpayers this year, compared to an overall tax bill of \$7,772,795 extended last year.

Robbery Charge To be Dropped, Man was Working

Frank Reidelberger Jr., town collector of Venice township, reported yesterday total collections of \$248,462, also for a five-day collection period. Venice township collections began June 24, same day as the beginning of Granite City collections. Reidelberger said he had no breakdown of real estate and personal property collections.

Venice collections which are being made in the old Madison bank building at Fourth street and Madison avenue will continue until the latter part of this month, Reidelberger said. Venice taxpayers have received bills totaling \$2,727,228 compared to \$2,767,132 a year ago. Taxpayers may pay bills at the Venice collection office in Madison from 9 a.m. until 3 p.m. daily, Monday through Friday, and on Saturday from 9 a.m. until noon.

Chouteau town collector Charles Lexow has completed local collections, but said he had no total figure on collections until the books are balanced. Lexow said he expects to turn over his books to the county treasurer within the next week.

Chouteau taxpayers were charged with payment a total of \$1,001,208, compared to a total billing of \$909,164 last year.

City Employees To Work Friday

A motion to give most city employees an added holiday on Friday this week—after the July 4 holiday tomorrow—was voted down Monday night by the Granite City council.

Alderman Boyd called for the extra holiday to be left to the discretion of department heads where city employees might be needed. Fry questioned if double pay would be allowed and was told by Boyd that "prevailing practices would be followed."

Voting for the holiday were: Moerlein, Boyd, Poulos, Green, Basarech, Farnley and Robertson, while voting "no" were: Bartosiek, Whitmer, Rutledge, Fry, Jarrett and Daves. With a 7-to-4 vote not representing a majority vote of the 16-member council, the motion was declared as "lost."

Added Drainage Lines Ok'd for Johnson Rd.

A change order for the Johnson road improvement project, adding \$720 to the project cost to install additional storm water catch basins in the 2100 block, was approved Monday night by Granite City council members.

Also, the council voted to instruct General Contracting Co., which is installing a sanitary sewer line across from Franklin street, to provide a concrete foundation for the concrete roadway.

The Johnson road work is being done by A. H. Seebold Co. as a city motor fuel tax project. The first payment to Seebold, amounting to \$23,629, was approved Monday night.

Mayor Partney reported the state highway department and Southwestern Bell Telephone Co. have agreed to remove wooden poles from the middle of the sidewalk along the south end of the Nameoki road improvement project.

The poles are to be set in the sidewalk at the edge away from the street, the mayor said.

Alderman Farnley called for a meeting of the legal departments of the city and park district to determine if maintenance of the drainage ditch can be turned over to the park district. He said wood cutting costs the city about \$700 a year, and that the park district could plant small trees and flower beds to enhance the neighborhood.

An ordinance was adopted to establish a two-hour parking zone for 60 feet in front of the Drive-In Laundry at 2247 Madison avenue, and another ordinance was approved to prohibit parking along Franklin avenue between Pontoon road and Waterman avenue.

A petition signed by 40 residents of the 2200 blocks of Waterman and Pontoon road complained of parking on both sides of the street on Franklin at the Maryland Bi-Rite Market and also protested smoke from an incinerator at the market and hazards of blocking of the alley at the rear of the store by tractor-trailer delivery trucks.

Spokesman for a delegation of petitioners, Chris Hamilton, 2222 Waterman avenue, said the trucks are rattling the alley and blocking it for long periods of time. "We can't sit in our yards in the evenings because of the smoke from the incinerator," he added.

At the request of Alderman Daves, the truck problem was referred to the police department, the incinerator problem to the Air Pollution Control board and the city inspection department.

Lease Playground Approved by the council was a resolution for entering a contract with American Steel Foundries for the city to lease for one year a tract south of Niedringhaus avenue at Walnut street for a playground. The area is being developed as a ball diamond and soccer field.

The 51-a-year lease provides for a 30-day notice of cancellation.

Another resolution instructs city officials to do business only with firms that make their property tax payments locally.

The city receives a 2% concession on tax payments collected by City Treasurer-Tax Collector E. R. "Pat" Rich at the city hall.

Placed on file by the council was a request by Joseph Jacobovich Jr., 200 Iowa street, area representative of the Illinois State Motorcycle Association, for a parade of 200 motorcycles on July 27 to protest recent "unfair restrictive legislation."

In a letter, Jacobovich said the riders plan to go to Springfield to show the voting strength of motorcyclists. The proposed route was over Route 3, east on Pontoon road, south on Nameoki road and Madison avenue to 20th street and east on 20th to Edwardsville road.

Alderman Whitmer commented he saw no purpose for such a parade in Granite City.

Bus Speed "Un-Tabled" Removed from the table, was an ordinance presented last week—and tabled—to limit speed of buses in Granite City to 20 m.p.h. Alderman Robertson asked if the ordinance to go back to committee for revision to set the speed limit on streets north of 20th street.

Approved was a bid of \$170 by Bertacchi & Sons for repairs on an aluminum siding garage at 28th and Ralph streets, damaged by a police car.

Alderman Fry reported he was advised by officials of the Army Depot that the city now has permission to run a water line to the city sewage treatment plant. The installation would cost about \$25,000 and is being included in franchise negotiations with East St. Louis & Interurban Water Co. With the line, the city's cost of water at the treatment plant would be lowered.

Mayor Partney announced the permanent appointment of Robert Jackson as superintendent of the treatment plant, and Ernest Hubbard as assistant superintendent, following a six-month temporary appointment period. The permanent appointments are effective July 15.

Accepted by the council were requests for street lights in the alleys at the rear of 2220 and 2221 Lincoln avenue and 2021 Madison avenue. Alderman Green requested an ordinance

to change yield signs at West 21st street and Dewey avenue with stop signs.

Poulos called for blinker lights to be placed at storm water street cuts along East 23rd street and Lincoln avenue.

Permission was granted for the park district to barricade 28th street in front of Niedringhaus school during the July 4th festival this week.

Bills for the past week were approved with exception of payment of \$138 to Authorized Refrigeration Co., East St. Louis, to service to the city hall air conditioner, which is not in operation. The half-month salary roll amounting to \$46,486 also was approved.

Notification was received of installation of a fire hydrant at Wabash and Amos avenues.

Named to Dean's List

Michael P. Manning, 2021 Hildebrand street, Cloverleaf, has been placed on the dean's list at Villanova University, Pa., for attaining a high academic average during the second semester of the last school year.

Youngsters apparently set fire to a storage shed at 5:30 a.m. Tuesday at the home of Clarence Jones, 2520 Forrest avenue, firemen reported.

Damage was listed at \$100. Firemen also extinguished a minor fire in the auto of Gene Flowers, 1739 Edison avenue, at 9:15 p.m. Monday at 1100 Niedringhaus avenue, with the loss set at \$20, and earlier went to the home of Larry Worthen, 2438 Grand avenue, where a short circuit in the wiring set fire to a garage, resulting in a \$50 loss.

GC Student to Attend Workshop at Rolla, Mo. Two additional sessions have been added to the summer workshop on the use of digital computers in science and industry going on at the University of Missouri-Rolla.

The extra weeks, July 7-13 and 14-20, will accommodate 70 additional high school students who will make the course. Among them are Lloyd King of Granite City.

Storage Shed Burns, Damage Set at \$100

Youngsters apparently set fire to a storage shed at 5:30 a.m. Tuesday at the home of Clarence Jones, 2520 Forrest avenue, firemen reported.

Damage was listed at \$100. Firemen also extinguished a minor fire in the auto of Gene Flowers, 1739 Edison avenue, at 9:15 p.m. Monday at 1100 Niedringhaus avenue, with the loss set at \$20, and earlier went to the home of Larry Worthen, 2438 Grand avenue, where a short circuit in the wiring set fire to a garage, resulting in a \$50 loss.

Permission was granted for the park district to barricade 28th street in front of Niedringhaus school during the July 4th festival this week.

Notification was received of installation of a fire hydrant at Wabash and Amos avenues.

Vandals Damage Auto

Jay Collier, 4407 Kirkpatrick Homes, reported at 5:45 a.m. Tuesday that vandals damaged the inside of his auto, broke two sun visors and the right rear window and flattened four tires while it was parked during the night at his home.

License Charge Filed Harold Baillentine, 308 Washington avenue, Madison, was arrested at 3:55 a.m. Tuesday by Granite City police on a charge of driving while his license is under suspension.

Motorist Arrested Richard Coin, Glen Carbon, was arrested at 2:30 a.m. Tuesday by Pontoon Beach police on a charge of permitting an unlicensed driver to drive.

TRATLER'S SEMI-ANNUAL CLOTHING SALE 20% to 60% OFF

Granite City PRESS-RECORD

Wed., July 3, 1968 Page 5

Auto Battery Stolen John McDonald, 2213 Dawn place, reported Monday that a 12-volt battery was stolen from his 1965 station wagon while it was parked on a lot at 1800 Edison avenue.

Hold your horses, motorists—it was uncontrolled horsepower that caused a big percentage of last year's traffic fatalities.

14-Game Men's Fast Pitch Softball Tournament Here Friday to Sunday

The "cream of the crop" among fast-pitch men's softball teams in this region will collide in the annual Fourth of July invitational holiday tournament of the Granite City park district this week.

Among the eight entries is a Quad-City team, Granite City Steel Credit Union.

Competition is slated for Friday, July 5, Saturday, July 6, and Sunday, July 7.

This year, for the first time, Wilson Park will not be the only scene of activity. Games are planned for both that park and Worthen Park, east of the 3300 block of Maryland road.

Initial Competition

On the opening day, Friday, Credit Union will begin tournament play at Wilson Park with a 7 p.m. game against the St. Louis Merchants. At the same time, Alwood of Alton and L. & L. of St. Louis will collide at Worthen Park.

Immediately following these contests at 8:45 p.m. Friday, St. Louis Thurnham will survive Pacific, Mo., at Wilson Park and St. Louis Moydells will meet the St. Louis Pirates at Worthen Park.

The remainder of the meet will be staged at Wilson Park, including six games Saturday and four or five games on the final day.

Double Elimination

It will be a double-elimination tournament, the champion not being determined until all other teams have suffered two losses.

The Saturday pairings include the Wilson Park Friday winners at 10:30 a.m. and the Worthen Park Friday winners at 12:15 p.m.

Opening night losers at Wilson Park will play at 2:30 p.m. Saturday and the teams beaten at Worthen Park will tangle at 4:15 p.m. Saturday.

Concluding games Saturday will pair the 2:30 p.m. survivor with the 12:15 p.m. loser at 7 p.m. and the 4:15 p.m. survivor with the 10:30 a.m. loser at 8:45 p.m.

This will leave four of the eight teams still active in the meet.

The two unbeaten squads

(those which won the first two Saturday games) will meet at 1 p.m. Sunday, followed by 2:45 p.m. by the two squads managing to stave off elimination the previous evening.

The 1 p.m. Sunday loser will meet the 2:45 p.m. Sunday survivor at 4:30 p.m. that day, with one of them advancing to a possible final game at 7:15 p.m. Sunday against the still undefeated team (which won at 1 p.m. Sunday).

If the unbeaten squad again triumphs, the tournament will be over.

However, if the once-beaten team prevails, the same two contenders will clash again at 9 p.m. Sunday. After that game, one or the other cannot help but have been eliminated and the champion will be known.

Steve Schardan, Carl Benson and pitcher Jim Rains of Merchants.

Other members of the Blue Division team will be the Bob Blackledge, Joe Huff, Jim Blackledge and Lee Davis from East Alton and Tom McCasland, Dale Rommelskirchen and Denny Warning from Pocatonton.

The Red Division team will have Maryville players Jerry Pitcher, Dave Rains, Jim Knop, Ray Perry and Roy Kubick plus Troy's Don Poos, Gary Cline, Gary Wiesemeyer, Gordon McFarland, Leonard Sues and Jack Kettie.

The first-place Collinsville team will be represented by its ace pitcher, Granite Cityan Bruce Thompson, and James Payne, Charles Hasenbatt, Tom Calza, James Payne and Doug Edwards. East St. Louis all-stars are Ed Wondolowski, Bill O'Dell, Gary Beever, Larry Lilly and Bob Knight.

Eighteen of these players will take part in the annual Inter-City League vs. St. Louis County League all-star game scheduled to be played at 8 p.m. Friday, July 12, at Fletcher field in Collinsville.

Selected from the local teams are pitchers Pat Harris, Charles Stephens, Bob Karam, Jeff and Rick Whittall, all of Credit Union, and Dave Sparks,

Easy Wins by B&E, Kentucky Boys' Nines

B&E Planning Mill beat Lincoln Place 19-1 last night at Wilson Park in the High School Boys softball league, Kentucky Fried Chicken then blasted Morris Realty 12-1.

Bob Lewey had two doubles and a triple for B&E and Pitcher Mike McGovern had two singles in the 16th inning. McGovern allowed six hits, including two by John Bodi.

Mike Lotens homered in the fourth inning in a 24-hit attack by Kentucky Fried Chicken. Gary Willis, Dave Melser and Dan Monken each hit three singles.

Jim McCart had three singles among 12 hits by Morris. Rick Pliman, Roger Hoover and Rick Timmons each had two hits.

The winning pitcher was a Bruce Buttrick and the loser Jim Fitzpatrick.

Tryout Camp This Week

Shoes, uniforms and gloves should be brought by applicants at a Cincinnati Reds baseball tryout camp Friday and Saturday at Greenville College.

Hours will be 10 a.m. to 3 p.m. Those reporting must be 16 or older, and American Legion players must have written approval from their coach or post commander.

Surrender

Some folk's idea of arbitration is to have others come around to their way of thinking.

(Juvenile Division — Slim Culpen League Blues) Mathews Chevilles 21, Mitchell (Mel Stroud hit 2 home runs)

(Juvenile Division — Doc Coleman League) Eagles 11, Falcons 10

NAMEOKI-PONTON LITTLE LEAGUE (Minor Division)
Wracks 27, Tigers 10

(Bill Chion had 11 strike outs)
(Major Division) Bobcats 1, Service Club 0

(Ken Crawford pitched one-hitter with 10 strikeouts)

EXAMINING REPLY from St. Luke's College, Exeter, England, are SIU-SW Fall Season

Southern Illinois University's Southwest campus will face a soccer team from England in its first contest next fall, Bob Guelker, SIU-SW soccer coach, said this week.

Stated for Sept. 21 on the new soccer field at SIU-SW, the international contest will pit St. Luke's College of Exeter, England, against the Cougars.

The event will mark the last segment of a tour by the English team inspired and sponsored by SIU-SW under Guelker's direction. Four other American colleges are cooperating in the project and will hold games at their campuses. They are East Stroudsburg College, Pa.; Harwick College, N. Y.; Fairleigh-Dickinson College, N. J., and Quincy College of Illinois.

The tour is jointly supported at the Southwest campus by the faculty of health, recreation and physical education and by the student affairs office.

Guelker, who is tour director, said the foreign contest will be the first of an 11-game schedule for the Cougars. He said the new soccer field adjacent to Bluff road will be ready for use by September.

Paul Thompson was the winning pitcher, allowing 19 hits. His team backed him with 16 hits off Russ Terry.

Nick Bogovich had a home run and three singles for the winners and teammate Earl Thompson had three singles.

In the seventh inning it was a combination of singles by Ed Hoff, Thompson, Frank Duko, John Petrillo, Paul Thompson and Bogovich and two errors.

The losing team made eight errors while the victors committed four.

The last game saw Midtown Pharmacy pound out 25 hits to beat Cochrane 19-5.

Winning pitcher Paul Schuler allowed eight hits.

Dick Stanton and Ed Reinagel homered, Bill Portell and Jack Scarborough singled three times each, while Rudy Dick hit two singles and a double and scored four runs.

On Target

The best and surest way to keep your ambition in the future is to devote most of your time eying the goal.

LINED UP FOR TAKEOFF are professional motorcycle drivers at Tri-City Speedway last night in the second heat of the weekly cycle racing program. The motorcycles are shown a split-second after getting the starting signal from the flagman.

Motorcycle Feature Highlighted by Close Finish Last Night

Motorcycle racing fans at the Tri-City Speedway last night saw a feature event with all the dramatics that could be desired. Neil Keen, fastest qualifier of the evening with a time of 16.3 seconds, won the feature by only four feet over Dick Mann.

The lead had changed between the two on nearly every turn of the 15-lap race and they were inches apart on the straightaway. About the greatest distance separating the two cycles was at the checkered flag.

Keen and Mann took the two semi-feature races, Keen followed by Darrell Dovel, Denny Ware, Elliott Schultz and Hayward Bonds. The second found Jim Corpe trailing Mann, followed by Jim McMurran, Ben Breeding and Donald Thompson.

Schultz finished third in the feature, trailed by Dovel and Corpe.

The Cycles races are held here every Tuesday.

Jacobsmeier Rallies To Score 13-11 Win

Jacobsmeier managed to score three runs in the top of the seventh inning after trailing 11-10 and beat VFW 13-11 Monday evening at Wilson Park in the 35 & Over Slow Pitch softball league.

Each team had 17 hits, Ollie Jacobsmeier took the win and Nick Petrillo suffered the loss.

In the seventh inning it was a combination of singles by Ed Hoff, Thompson, Frank Duko, John Petrillo, Paul Thompson and Bogovich and two errors.

The losing team made eight errors while the victors committed four.

The last game saw Midtown Pharmacy pound out 25 hits to beat Cochrane 19-5.

Winning pitcher Paul Schuler allowed eight hits.

Dick Stanton and Ed Reinagel homered, Bill Portell and Jack Scarborough singled three times each, while Rudy Dick hit two singles and a double and scored four runs.

MISS PATRICIA LETKUSK, daughter of Mr. and Mrs. Anthony Letkusk of Chicago, who are announcing her betrothal to Thomas L. Krinski, a son of Mr. and Mrs. Leo A. Krinski, 3103 Colgate avenue.

Krinski-Letskusk Engagement

Among the recent summer engagement announcements is that of Miss Patricia Letkusk, a daughter of Mr. and Mrs. Anthony Letkusk, 14043 Greenbay, Chicago, and Thomas L. Krinski, whose parents, Mr. and Mrs. Leo A. Krinski, reside at 3103 Colgate avenue.

The prospective bridegroom was graduated from Granite City high school and is now a senior majoring in chemistry at Blackburn College in Carlinville. His fiancée, a graduate of Chicago schools, is a junior at Blackburn, majoring in education. Wedding plans have not been made.

PERCY-HUFFMAN WEDDING ANNOUNCED

Mr. and Mrs. Artie Howell, 5137 Lakeview drive, are announcing the recent wedding of their niece, Miss Opal Faye Huffman, and Edward Percy, both of Van Buren, Mo.

The ceremony took place at 6 p.m. Saturday in the Howell home with the Rev. William Myers of Faith General Baptist Chapel officiating. The bride, formerly of Granite City, is a daughter of Mrs. Marie Huffman of Van Buren. The bridegroom is a son of W. S. Percy also of Van Buren. Doris Huffman, a sister of the bride, and Richard Percy were the only attendants. After a trip to Kentucky the bride and groom will live in Van Buren.

ENGAGED, Miss Barbara Ann Love, whose parents, Mr. and Mrs. Roy L. Love, 1542 Lindell Blvd., are announcing her betrothal to Alrman First Class Dennis Ray Edwards, a son of Mr. and Mrs. Harold L. Smalle, 4870 Warnock avenue.

Wedding Plans Being Made

Mr. and Mrs. Roy L. Love, 1542 Lindell Blvd., are announcing the betrothal of their daughter, Miss Barbara Ann Love, to Alrman First Class Dennis Ray Edwards, a son of Mr. and Mrs. Harold L. Smalle, 4870 Warnock avenue. The wedding of the couple will take place this summer, the date depending upon military orders.

Both young people are 1966 graduates of Granite City high school, and the bride-to-be holds a secretarial position with the Laclede Steel Co., St. Louis. After one and one-half years service in Spangdahlem, Germany, Alrman Edwards will be transferred to Hailoman Air Force Base in New Mexico.

The young people are making tentative plans for a July or August wedding.

TOPS WHITTLE CLUB SELECTS QUEEN

Mrs. Janet Davis was named queen of the week, at the weekly meeting of the Tops Whittle club, Monday evening, at the American Legion hall.

Mrs. Peggy Hackney, leader, opened the meeting with the Tops pledge. Mrs. Shirley Sobolewski won the prize.

Mrs. Muriel Byrne served as the model for the cosmetic demonstration, which was the program.

Two guests attended, Mrs. Frances Fox and Mrs. June Aerns, along with a new member, Dorothy Ashby, and members Mesdames Jacqueline Alfels, Billie Bagl, Nancy Bernalk, Shirley Coover, Frances Coleman, Virginia Cotter, Helen De Runtz, Nina Eads, Christine Espamer, Iris Gauen, Jo Gipsen, Edith Harris, Gladys Rutson, Agnes Kern, Shirley Lane, Jacquelyn McGeehe, Audrey Ribbing, Maggie Rill, Norma Ruhl, Betty Robertson, Jerry Skaggs, Doris Edwards, Vernie Von Nida, Villa Ridings, Miss Mary Wetzel and Miss Beverly Provence.

VISIT SON-IN-LAW AND DAUGHTER IN WEST

Mr. and Mrs. Millard Hawkins have returned from San Diego, Calif., where they visited their son-in-law and daughter, Mr. and Mrs. Gary Buckner and their family. The couple stopped enroute in Los Angeles where they attended the opening of the new Royal Inn Hotel, built by Mr. Buckner. They remained with the Buckner children while their son-in-law and daughter spent a week's vacation in Hawaii. While away visits were paid to the San Diego Navy Base and part of the time was spent in Mexico. Mrs. Buckner is the former Nancy Hawkins.

WCTU POSTPONES PICNIC PLANS

Due to the coming Fourth of July holidays, the picnic plans of the Woman's Christian Temperance Union which was to have been held July 5, are postponed until July 12. The members will gather at 5 p.m. at shelter one.

Elkettes Plan July 28 Picnic

Mrs. Ruby Parker, president of the Elkettes, presided over the monthly meeting Tuesday evening with 30 members attending. Mrs. Marion Willard gave the prayer.

Mrs. Parker announced the annual Elks picnic will be held July 28.

The committee serving refreshments included Mrs. Hulda Davis, Mrs. Mildred Fehling, Mrs. Shirley Rapoff and Mrs. Georgia Cocagne.

Prizes in games went to Mesdames Anna Lois Toney, Ruby Parker, Irma Buscemi, Ella Wade, Mayne Dempster, Merline Roman, Euphie Tarris, Anna Gasparovic, Alice Elledge and Helen Todd.

In August, the members will attend a winter roast.

DORCAS CLASS MEETS AT BAPTIST CHURCH

The Dorcas Class met in the parlors of the First Baptist Church Tuesday evening with Mrs. Christine Goodman presiding in the absence of Mrs. Sibyl Lawrence, president.

Mrs. Ellen Douglas, teacher, led in the opening prayer.

Mrs. Iva Olive gave the devotional on "What is Old Age" and Mrs. Douglas presented a talk on "Dreaming a Dream."

Mrs. Eleanor Bacon and Mrs. Olive were hostesses, serving refreshments to those named and to Mrs. Dorothy Daiger, Mrs. Ida Reading, Mrs. Mildred Parker, Mrs. Rose Mort, Mrs. Dema Kamp-schrader, Mrs. Florence McCall, Mrs. Rebecca Parrish, Mrs. Douglas, Mrs. Goodman and Mrs. Katie Pennock.

ANNUAL YOUTH BANQUET AT SUBURBAN BAPTIST

In a coronation ceremony in connection with the annual Youth Banquet at Suburban Baptist Church the following made up the Court:

Brenda Jackson, retiring queen, and her sister Betty Jackson, the new queen. Attendants were Debbie Dye, Debbie Fox, Sandra Demery and Bernice Iles. Pages were Sandy Smith and Gail Purkey, and serving as escorts were Mike Haldemann, David Schwendeman, Ron Law, Ron Teague, George Smith and Louis Phillips.

The pianist was Skip Lloyd and serving as crown bearer was Phil Thebaue jr. Ruth Garrison was flower girl.

JULY MEETING OF DEMOLAY MOTHERS

The DeMolay Mothers club held a monthly meeting Tuesday evening at the Masonic Temple, with guests attending from the Highland and Wood River clubs.

Mrs. Hilda Fow, president, introduced Mrs. Doris Conrad, Mrs. Marie Buettiker, Mrs. Dorothy Roe and Mrs. Charlene Reberger of Highland and Mrs. Twila Waggoner, Mrs. Betty Kissinger and Mrs. Sylvia Bragg of Wood River.

Tentative plans were made for a rummage sale in the early fall. Reports were submitted by Mrs. Jo Meyer and Mrs. Joan Hileman. Games were enjoyed and several prizes were awarded.

Refreshments were served by Mrs. Joan Brewer, Mrs. Hileman and Mrs. Beth Carrey.

Others attending were Mesdames Betty Ebrecht, Ann Fowler, Betty McClintock, Marie Naeve, Helen Hinkel, June Lux, Bernice Fitzpatrick and Hazel Stagg. Next meeting will be Aug. 6.

MRS. BROOKS HOSTESS FOR ROLLETES CLUB

Mrs. Betty Brooks, 2100 Ohio avenue, was hostess Monday evening to the Rolletes club. Those winning prizes were Mrs. Connie Tinsley, Mrs. Nellie Micols and Mrs. Phyllis Mosby.

The birthday of Mrs. Jeanette Wilson was observed, and she received a gift from her secret pal.

A desert luncheon was served to those named and Mesdames Edith Wolford, Helen Randolph, Reatta Radeled, Carol Smith, Kathleen Wolford and Velma Radeled.

Mrs. Mosby invited the members to her home for the next meeting.

ETA SORORITY CHAPTER TO INSTALL ON JULY 30

Plans for the annual installation of officers were made at a monthly meeting of Eta chapter, Phi Tau Omega sorority, Monday evening at the Elks club. Mrs. Lois Winter, president, presided.

The installation dinner is to be held July 30.

Miss Hilda Schroeder reported on the national convention held June 21-23 at the Lake of the Ozarks.

Twenty-five members were present, and prizes for the evening went to Mrs. Lorraine Butler and Mrs. Winter.

MORE ABOUT 600 Walk Out

without advance notice to district USA officials. He said the meeting was called to "find out what the issues are."

The meeting was a closed session and lasted only half an hour. No details of the discussion were made public, but there was no indication that the workers planned to return to work immediately.

A company spokesman said the strike apparently was triggered by the discharge yesterday of a worker—a member of the union—who became involved in a fight with a foreman a week ago.

The spokesman said the worker was suspended on the day of the fight, which occurred June 25. Subsequently, he said a hearing was held and was attended by union and company representatives as well as the principals involved.

Employee Discharged As a result of the hearing, the company said, it was decided to dismiss the worker. He was notified yesterday that his suspension was being changed to a discharge.

Union members confirmed the company version but protested the dismissal of the employee while the foreman was retained on his job. Some of the striking workers said working conditions and other grievances also entered the picture.

Company officials said this morning that no meetings between the company and union officials have yet been arranged

\$200,000 Detention Home Bonds to Be Sold

Sale of \$200,000 in bonds for construction of a county juvenile detention home was approved by the detention home committee of the Madison county board of supervisors Monday at Edwardsville.

William B. Webb of Granite City, committee chairman, said a call for bids on the bonds had been delayed in hopes of obtaining lower interest rates which now have decreased with President Johnson's 10% income tax surcharge.

The bond sale had been approved by voters in November of 1965 for construction of the home to provide facilities for dependent, delinquent and truancy children.

It will be erected on the grounds of the county tuberculosis sanitarium at a cost of \$500,000 to \$600,000. More than \$200,000 in investments is available for construction.

Brochures on the new bonds may be available in three weeks, with bids to be accepted in about six weeks. William Beatty of Granite City is the bonding attorney for the committee.

Error in Survivors

An error in giving the survivors of drowning victim Frank Hufstetler occurred in Monday's issue. Verne Hufstetler is a surviving son.

and said it is unlikely that the company will agree to any meetings before the employees return to their jobs.

Four Radar Arrests

Four drivers were ticketed on speeding charges Tuesday afternoon as police operated a radar unit at 2800 State street. They are Lillian L. Koser, 3305 Lydia lane; Michael L. Griffith, 2908 Buxton avenue; Michael D. Fears, 2326 Nameoki road; and Bobbie J. Shemwell, Rural Route Two.

Levee Board Discusses Drainage, Oks Claims

A delegation of residents of the Caseyville area in St. Clair county met briefly with the East Side Levee and Sanitary district board in East St. Louis this morning to discuss growing drainage problems in that area and what the levee district can do to alleviate them.

The board approved claims totaling \$32,697 and a payroll of \$56,143 for June during the routine monthly meeting.

Weapon Charge Filed

V. E. Hansen, 35, of Wood River was charged with unlawful use of a weapon, a .32 caliber automatic, at 8:35 p.m. Tuesday after police received a report of a man with a gun at East 20th street and Park avenue. He was released on \$100 cash bail.

MORE ABOUT Boy Follows

said Sidgwick's car, headed north on Madison avenue, collided with a car driven by John E. Pate, East St. Louis, headed east on Third street. Sidgwick was taken to the hospital by ambulance.

Police said Sidgwick is a college student and was on his way to Phoenix, Ariz., at the time of the collision. Both cars were towed away.

Census Bureau Plans Survey on Buying

A sample of families and households in this area will be included during July in a nationwide survey of home repairs and buying plans, according to Theodore F. Olson, director of the Census Bureau's regional office in Chicago.

Granite City PRESS-RECORD
Page 10 Wed., July 3, 1968

Census Bureau representatives will visit each home chosen for the quarterly household survey, and will inquire about any plans to buy a house, car or major household appliance during the next year. Questions about home repairs and alterations will concern those made during the past three months, or planned for the near future. The Census Bureau conducts surveys of buying expectations

and home repairs every three months, and these surveys are important guides to the growth of the national economy. The Bureau points out that houses, repairs, appliances and cars account for a substantial share of the more than \$500 billion which consumers spend each year. The survey provides both a

current measure of the amount of consumer spending on these items and advance information about future trends in spending. The advance information provided by consumers has been very accurate to date. For example, on the basis of surveys late in 1967 and early in 1968 the Census Bureau has forecast

8.9 million new car sales for all of 1968. The number of new car sales forecast for the first six months of 1968 was nearly identical to the number actually sold.

Answers given by all families and households in the survey are confidential, and are protected by federal law.

7th Annual Kiwanis-Bow Line Boat Races Set for July 14

Plans for the seventh annual boat races to be staged Sunday, July 14, on the Mississippi River near the Hartford Canal under the auspices of the Granite City Kiwanis and Bow Line about classes. Many of the 100 Boat clubs are nearing completion, according to officials of the two local clubs.

Several international and national champion, drivers will compete for prize money and trophies in the mid-summer racing classic, which attracted a crowd of more than 1500 persons to the Mississippi River bank last year. Competition will get under way at 1 p.m. July 14.

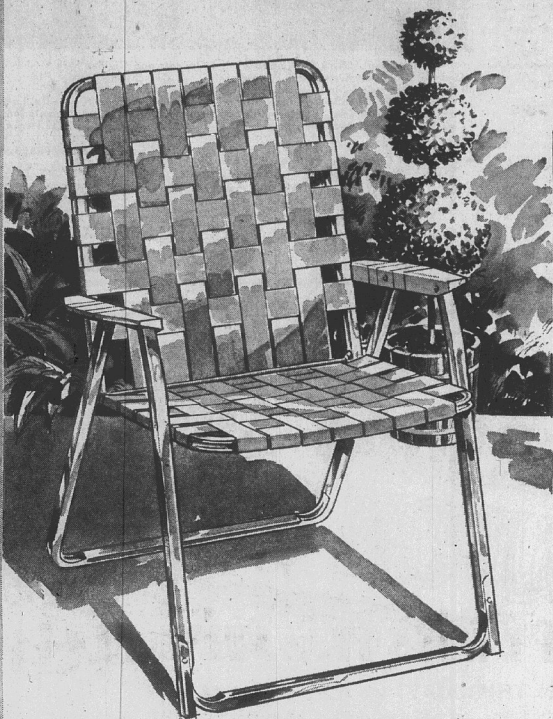

Repeating as co-chairmen of the two-club joint planning committee are Bill Seebold, operator of a local boat dealership representing the Kiwanians, and Sid Daugherty, a Granite City Steel supervisor and com-

modore of the Bow Line club. Seebold said today over 50 drivers are expected to register for the 12-event meet, which will feature six events for hydroplane racers and six for runabouts. Many of the 100 or more boats entered will approach the 100 mph range, he added.

An unobstructed view of the one-mile course will be afforded spectators, who also are guaranteed ample parking facilities, meet officials explained. Quad-Cityans may get to the race site by taking Highway Three to the Hartford Canal bridges and turning toward the river along the north road, along the canal.

Admission to the race area will be \$1 per automobile, with advance tickets now available from the sponsoring club members, or at Seebold Boat Shop, 2402 Madison avenue.

RICHARD C. SUES

Metropolitan Life Co. Names New GC Manager

Richard C. Sues, 2457 State street, has been appointed agency manager in Metropolitan Life Insurance Company's Granite City office, it was announced this week by Wilbert A. Triebel, C.L.U., district manager for the firm.

The new appointee joined Metropolitan as an agent in the local office in August 1957. He is a graduate of Life Underwriters Training Council course and has completed part I of the Chartered Life Underwriters course.

Sues is a member of St. John United Church of Christ and serves as secretary of the Madison Rotary Club. A native of Edwardsville and a graduate of Edwardsville high school, the agency manager and his wife, the former Thelma Miller of Glen Carbon, are the parents of two children, Steven, 18, and Veronica Ann, 12.

Gary L. Ruebhausen Training with AFROTC

Gary L. Ruebhausen, son of Mr. and Mrs. Robert V. Ruebhausen, 4012 Rode avenue, is participating in a U. S. Air Force Reserve Officers Training Corps, field training en-campment at Wright-Patterson AFB, Ohio.

Cadet Ruebhausen, is a 1966 graduate of the local high school and is a member of the AFROTC unit at Southern Illinois University.

Gates are Parents Of First Child

Mr. and Mrs. Harry Gates, 1621 Primrose avenue, are announcing the birth of their first child, a son, Sunday at St. Elizabeth Hospital. The new arrival weighed six pounds, nine ounces and has been named Robert Eugene.

The maternal grandparents are Mr. and Mrs. Nathaniel Davis, 2130 Johnson road. Mrs. Gates will be remembered as Miss Julie Davis.

Pfc Champion Calls Parents from Japan

Marine Pfc Terry Lee Champion, 20, called his parents, Mr. and Mrs. Howard Champion, 2040 Grand avenue, from the hospital in Tachikawa, Japan, where he is a patient, it was learned this week.

Working with a mine detector in a field area near Deng Ha, he was wounded by shrapnel in the arms, chest and stomach on May 28. He was first treated on a hospital ship and later transferred to the hospital in Japan on June 19.

He informed his parents he will undergo surgery this week and expects to be sent to a hospital in this country in about three or four weeks.

Pfc Champion enlisted in the Marine Corps in July 1966 taking his basic training at San Diego, Calif. He has served in Vietnam for a year. He was scheduled to leave there on May 28. He was attached to the 2nd Battalion, 9th Marines, 3rd Marine Division, while overseas.

Presently his address is Pfc Terry L. Champion, 222638, USAF Hospital Ward, Tachikawa, Japan, APO San Francisco, Calif. 96323.

Airman Michael James Enroute to Vietnam

Airman First Class Michael W. James, son of Mr. and Mrs. Italy James of Glen Carbon, former local residents, has departed for duty in Vietnam.

He attended local schools and enlisted in service April 1967, taking his basic training at Lackland AFB, Texas. Further training and instruction was given him at Charleston AFB, S. C. Airman 1/c James expects to spend from 10 to 13 months overseas serving with the Civil Engineers at a Marine Corps base in Bien Thuy.

His brother, Airman 1/c Ivan James is presently stationed at Hickam AFB, Honolulu, Hawaii, just recently being at home on a 24 day leave. He has been in the Air Corps since August 1967.

Sunday Services

The lesson - sermon titled "God" will be read in all Christian Science Churches Sunday, including First Church of Christ, Scientist, 2560 Delmar avenue. The service begins at 10:45 a.m.

Home Notes

By Mrs. Catherine R. Mauck, Madison County Home Adviser,
Home Economics Extension of University of Illinois

Family Mobility

An estimated 35 to 40 million Americans will change their home addresses this year, according to the Institute of Life Insurance.

For the ratio-minded, that's one out of every five people in the nation.

When do these people pack up their possessions and hit the road? Well, if the past is any indication, the peak moving time is fast approaching.

The Institute, citing recent moving statistics, figures that the most popular season for transplanting your household is summer. In fact, 70 to 80% of the nation's moves are made in the months of June, July, August and September.

It doesn't take a genius to figure out why. Most of the moving is done by young families—people in their twenties and thirties. They're likely to have school-age children. So, if they have any choice about moving time, it's only natural that they select the season when the youngsters are out of school.

To be sure, not all families move from one school district to another. In fact, two-thirds of them stay fairly close to their old addresses. These people generally move to addresses within the same community or county.

What about the remainder? Census Bureau statistics indicate that more than one-third move between counties and the rest move between states.

But whether you relocate to a distant place or stay in the same area, moving can be a hectic experience. It is a lot like a housewife's mind is set on lists of all kinds. What should be moved? What should be discarded? What will you have to buy when you get to your new address?

Trying not to forget all the things that must be done is a major job for anyone. That's why it's a good idea to make inventories of everything—from the number of tea cups in good condition to—in some cases—the number of pets you plan to stray from a family in transit.

The list-making shouldn't end with your possessions. It makes sense to draw up one of the business people you should inform about your move: the phone company, all the magazines you subscribe to, all the stores you have charge accounts. Systematically informing them can save you a lot of confusion.

Another person who should know your address change is your insurance agent. It's important because he can take care of making the address changes to premium reminders are sent to your new home. You don't want to forget them, and accidentally run the risk of letting your policy lapse.

If the move is a result of a promotion or new job for the breadwinner in your family, you may also want to re-examine your insurance program. You might want to do this especially if you are moving to larger quarters because your family is getting larger. It also would be a good idea when you move to have an inventory of your health insurance to be sure it's in line with the cost of medical care in your new community.

Today's Woman: 35-26-36
If your dress size has stayed the same over the past few years, chances are your figure hasn't. The Health Insurance Institute reports.

For, it is generally felt that the fashion industry in recent years has been down-sizing some of its merchandise, flattering the American woman's

ego as her figure, collectively speaking, has changed its dimensions.

Today's young adult woman is taller, bustier, leggier and heavier than any previous generation of American females. A recent study indicates the average woman today is five feet four and a half inches tall and weighs 128 pounds. Her dimensions are: bust, 35 and one-fourth inches, waist, 28 inches, hips, 36 and a half.

Compare that with the "hour-glass" girls of 1900. In that era, the average woman was 5 feet two inches tall, weighed 114, had a bust measurement of 33 and three-eighths inches, and a 24 inch waist and was 36 inches around the hips.

Much of this anatomical change stems from the fact that the modern woman is the product of an evolving American physique. As habits have changed as the public's health education has improved. In addition, today's young woman has a better diet and a more active life.

There's also the fact that modern women take better care of their figures.

All of this has had ramifications within the world of fashion. For some time now, manufacturers of ready-to-wear have been down-sizing their merchandise as customers, on the average, have been getting bigger. In part, this has been the result of efforts to standardize sizing so a woman doesn't have to guess which rack to go to when she leaves one store and goes to another.

Makers of inexpensive garments have, in many cases, made their wares conform to the markings on more expensive apparel, which traditionally has been cut more fully.

Yet, most observers of the fashion scene see an element of vanity in all of this. As one put it: "Every woman likes to think she's able to get into a girl's size dress. The makers of better dresses have known this all along. Now everybody is catching up."

The latest to catch up are the manufacturers of patterns for do-it-yourselfers. Over the years, a gap developed between the size of patterns and the size of ready-mades, forcing a woman to buy a size 12 pattern if she wanted to make what she considered a size 10 dress. Now the pattern sizes conform to ready-to-wear markings.

Monosodium Glutamate
Contrary to a rather widespread belief, monosodium glutamate (MSG) is not a preservative or a tenderizer. It is a seasoning agent found naturally in food and now manufactured from various vegetable protein sources, such as soybeans, wheat and corn.

Although the flavor-building properties of glutamate were not recognized until recent years, this applies only to the isolated substance. Large quantities of MSG have been used in the Orient for years. Soy sauce, a common condiment in China and Japan, is rich in MSG. Interest in its flavor-enhancing qualities led, eventually, to the production of relatively pure MSG.

Monosodium glutamate is a modification of the chemical compound glutamic acid that occurs naturally in many proteins. Food researchers developed methods to prepare MSG commercially, and the white crystalline salt is sold under various names, such as Accent, Zest, MSG.

The Food and Drug Administration has approved the product as being safe to use. However, when it is used in canned vegetables and tuna, its presence must be indicated on the label. MSG may be used in mayonnaise and salad dressing without notation on the label.

When using monosodium glutamate in food preparations, you may add the substance before or during cooking. The flavor of meats, fish, stews and soups is most noticeably affected by the addition of MSG. Taste shows no effect on baked sweet goods, fruits or fruit juices.

Color Can Work Magic
Careful color planning can

mean long-lasting satisfaction with your home environment. Color can bring light into darkness, warmth into coldness and variety into monotony.

There are many formulas for combining colors successfully, but most of them are merely guides. You might follow this general procedure:

1. Establish the character and function of the room, as some color combinations tend toward formality while others suggest informality.

2. Consider the amount of natural or artificial light to determine the lightness or darkness of hue for main areas. Color is relative, and what you see depends on the quality of light, amount of light and other colors in adjacent areas.

3. Get samples of all colors and materials to be used and examine them in the light conditions where they will be used.

4. Repeat tones or pattern to attain unity and balance throughout the room.

The most practical methods for working out a room color scheme is to start with an existing textile, floor covering, wallpaper or picture. Use the most neutral tones for the

large areas and portions of adjacent colors for accent.

Limit room color to three basic hues that you can vary in value or tone as you like. With light walls and dark floors, select draperies and upholstery of an intermediate value.

With dark walls and an intermediate tone of flooring, furnishings might be light in tone. By using this principle, you can achieve orderly contrast and maintain unity with variety and interest.

Farm Column

By WARREN W. BUNDY
Madison County
Extension Adviser

Wheat Harvest Begins

Recent farm activities include getting the combine ready for wheat harvest. Much of the wheat in Madison County will be harvested the next few days, weather permitting.

Wheat quality appears to be good, but yields will be only fair. Yields will vary a lot from one field to another. Much of the wheat was planted late last fall due to weather conditions.

Grain insects can be a problem in stored wheat. Before wheat harvest begins, sweep up and clean out all old grain and other debris from inside and around storage bins. Then spray all inside surfaces to runoff with 1.5-percent premix grade malathion, or 2.5-percent methoxychlor. As you fill the bin, also treat with either a liquid or dust form of malathion.

These steps will insure insect-free wheat storage for a year or more.

Although we don't produce as much small grain as we once did, some oats, wheat and barley are still fed to swine. In deciding whether to feed or sell small grain, keep the following figures in mind: oats are worth 77% of shelled corn's feeding value if not over 25% of the grain fed is oats. Wheat is worth 100% of shelled corn's feeding value; good barley is equal to about 85%.

Here's what these small grains are worth per bushel as hog feed when corn is \$1.15 per bushel: oats \$1.01, wheat \$1.23 and barley \$1.05.

If you are feeding wheat to growing swine, disregard the extra protein (as compared with corn) that wheat contains. University of Illinois research has shown it takes just as much protein supplement to correctly balance a wheat ration as it does a corn-containing corn. What does make excellent hog feed, however, if you feed the right amount of supplement with it.

The ten highest producing herds in the Madison County Dairy Herd Improvement Association. May were owned by: Sam Dorsey, Waldo Keilbach, Leland Steiner, Walter Sievers, Marvin Sille, Henry Zoetler, Jim Beane, Vernon Warnock, V & J Dairy Farm and George Daiber.

The highest producing herd for the month was owned by Sam Dorsey. This herd con-

sisted of 30 cows. The average production was 1.73 pounds butterfat and 42.2 pounds milk per day with an average butterfat of 3.7 percent.

Completing the 305 days lactation with a record of 600 pounds fat or more was a 5 year old in the herd of Sam Dorsey with 16,557 lbs. milk and 89 lbs. fat and a 5 year old in the herd of Marvin Sille with 17,055 lbs. milk and 69 lbs. fat.

High-producing cows are the best labor-saving device on the modern dairy farm.

A 30-cow herd producing 15,000 pounds of milk last year returned more over feed costs than a 75-cow herd producing at the 10,000-pound level. It takes only two-thirds as much labor to make the same income with the higher-producing herd.

MRS. DORIS STOTZ
2571 Hodges Avenue
876-8044

Emmett Worden, Salem, Mo., formerly of Granite City, who had been visiting his sister and brother-in-law, Mr. and Mrs. Clyde Walker, 2259 State street, for several days, left for his home Monday morning. He had been touring the western states and enjoyed a month's stay with relatives in Colorado.

While here, he visited in the home of Mr. and Mrs. Ira Hill, 4531 Warnock avenue, and accompanied Hill and Rex Cottrell on a fox hunt near Alton.

KELLY STOTZ MARKS FOURTH BIRTHDAY

Kelly Stotz celebrated his fourth birthday at a party given by his mother, Mrs. Doris Stotz, 2571 Hodges Avenue, Tuesday afternoon.

A jungle book theme was used and a large decorated area with Mowgli and jungle animals served as centerpiece. Each place setting included Booie the bear, hats and costume makers.

Following the opening of gifts, a monkey game and other animal games were played with everyone receiving prizes.

A luncheon was served to the guest of honor and Eban and Evan Ellsworth, Scott and Julia Hill, Kevin and Dennis Pierce, Mrs. Hester Ellsworth, Mrs. Diane Hill, Mrs. Marcquette Love, Mrs. Margaret Ann Pierce, the honoree's sister, Phyllis, his paternal grandmother, Mrs. Winnie Stotz, and his maternal grandmother, Mrs. Helen Hill.

In the evening, a family supper was served to the maternal grandparents, Mr. and Mrs. Ira L. Hill, and Mrs. Winnie Stotz and the honoree's family, Mr. and Mrs. Norman Stotz and daughter, Phyllis.

CPL. MRS. THOMASON HONORED AT PARTY

A wedding shower and a farewell party in honor of Lance Cpl. and Mrs. Robert W. Thomason were held in the home of Mrs. Robert Campbell, 2434 Lincoln Avenue, Monday evening. Co-hosting the event was the grandmother of the groom, Mrs. David Thomason. The couple was married here June 12. Mrs. Thomason is the former Toni Jump, 2159 Edison Avenue, and Thomason is the

UNITED FUND Admissions and Distributions committee at a luncheon meeting Tuesday at the Grand Cafe. They are, left to right—Carl Baczenas, George Eubanks, Mrs. Leo Roman, Mrs. Victor

son of Mr. and Mrs. Frank Busler, 2808 West 29th street. They will leave for California Thursday to make their home while he is stationed at Camp Pendleton.

The guests of honor received many gifts. A social hour followed, with prizes awarded to Mesdames Helen Householder, Ruby Thomason, Minnie Thomason, Mary Barker and Georgia Berger.

A dessert luncheon was served from a table decorated in a pink and white color theme, with a large vase of pink roses serving as the centerpiece. The cake decorations carried out the color theme.

Attending were Mr. and Mrs. Frank Busler, Miss Debbie Campbell and Mesdames Helen Frazier and daughters, Georgia and Barbara, Kay Sykes, Barbara Campbell, Nona Young and daughter, Rowena, a Mary Barker of Mitchell, Mr. and Mrs. Herschel Thomason, Mr. and Mrs. Carl Downs and daughters, Kathy and Minnie, Mrs. Lucy Hoffman and children, Becky Jo and Jimmy, Mrs. Doris Downs and Helen Householder, all of Madison, Mr. and Mrs. David Thomason and Specifice and Mrs. Kenneth Thomason and children, David and Leann, of Venice and Mrs. Georgia Berger of E. St. Louis.

Boy Scout Troop 20, sponsored by the Webster PTA, with Scoutmaster Roy Glosick and Assistant Scoutmaster Tom Watkins returned Sunday evening from a weekend of camping at the cabin of Paul Jackson on the Kaskaskia River near Red Bud, Ill.

All assisted in setting up tents. The leaders' families were guests at a picnic and one night of camping; they were Sheryl Glosick and daughter Tina, and Mrs. Jackie Watkins and daughters, Kay, Gail and Nancy. The scouts held a "ghost hour" around the campfire.

All the meals were prepared outdoors, and fishing and other recreation and sports filled the "just for fun" campout schedule. Campers were Danny and Gary Watkins, Terry Wylie, Burl Hand, Robert Knight, Doug Horton, Jim Maycoyett, Dan Hilberry, Jim Jolly, Russell Pulley, Kevin Kearns, Bill, Kevin and Richard Lewis, Tim Children and guests, Kevin Halbe, John Early, Bill Karius, Kevin and Paul Woodruff. Transportation was provided by Mrs. Helen Bujnak, Mr. and Mrs. Robert Knight, Mr. and Mrs. Ronald York, Glosick and Wattine.

Boy Scouts to Display Skills at Public Show

The first council-wide scouting show in the heart of Granite City is planned for Friday evening, Oct. 11, and Saturday, Oct. 12, in the skating rink pavilion at Wilson Park.

Carl E. Mathias, president of the Cahokia Mound Council, Boy Scouts of America, has appointed Lt. Col. David Fox, deputy commander of the Granite City Army Depot, as general chairman of the two-day show.

"We are happy to have obtained the park ice skating rink as the scene of the show because it will be a convenient location, enabling a large number of friends of scouting to attend," Col. Fox commented today.

Booths, Entertainment

The show will feature skill demonstrations and a variety of displays and entertainment by scouting units. The units, packs, troops and posts soon will begin selecting the subjects they will use in their booths or stage presentations. Tickets will be sold to the

County Wheat Harvesting Under Way; Crop is Good

By Warren W. Bundy, Madison County Extension Adviser
Wheat harvest began last week in Madison county. Grain moisture averaged just under 14%. Wheat quality is good.

Although elevators are buying a moderate volume of wheat, several farmers are storing wheat on the farm in hopes of a better price. Some farmers

have sold beans to use the storage for wheat. Others have put up new storage structures. Farmers' community budget for some wheat income at harvest time. If they sell wheat now, income will be less than was anticipated due to low wheat price. If they store wheat, they tend to delay payments on accounts until fall, thus putting agri-businesses in a real bind for operating capital.

Other main farm activities include cultivating and side-dressing corn, hoeing and cultivating soybeans and making hay.

Much early-planted corn looks excellent. Some is above water-high and of dark green color. Some stands are "spotty," but corn and beans in general are coming along good.

Other main farm activities include cultivating and side-dressing corn, hoeing and cultivating soybeans and making hay.

MORE ABOUT Hospital

how for the future development of St. Elizabeth's under the program outlined by a consultant for expansion and modernization.

"We feel what having men of Mr. Guley's and Mr. Whittier's stature on our board will draw the community closer to our hospital and our hospital closer to the community."

Guley, a native of Baltimore and a 1930 graduate of John Hopkins University, came to Granite City in 1938 when he was employed by the old National Enameling and Stamping Co. He became director of manufacturing for Nesco, Inc., before joining Granite City Steel Co. in 1951 as purchasing agent. He became president of the steel mill last month.

Previous Positions

He moved up through the management ranks as director of purchases, assistant to the president of operations, works manager, vice-president in charge of operations, executive vice-president-general manager of operations and executive vice-president.

Guley is a member of the general committee of the St. Louis Labor and Management Plan (LAMP) and president of the Associates of St. Elizabeth Hospital. He is a member of the American Iron and Steel Institute, and a member of the boards of directors of Granite City Steel, the First Granite City National Bank, the Pilot Knob Pellet Co. and the Clevelit Corp. of Cleveland. He is chairman of the board of another Cleveland company, the City Machine & Manufacturing Co. He lives at No. 1 Coach-B Four in Fontenac, a St. Louis suburb.

Served at Depot

Witter, a native of Mechanicsburg, Pa., now resides on Rural Route Two, Collinsville. He lived here from 1946 to 1964, returning here after world war II when he was stationed for a time at the Army Depot. He served in the Corps of Engineers during the war and saw action in Europe.

Witter, who is with the executive offices of General Steel Industries, recently moved to St. Louis, is serving his third three-year term on the hospital's Lay Advisory Board.

He is a member of the First United Presbyterian Church in Granite City and is chairman of the church board of trustees. He also teaches a class of senior high students at the church.

Witter is a member and past associate director of the National Association of Accountants, St. Louis Chapter, and is membership chairman and on the board of directors of the Tax Executives Institute, St. Louis Chapter.

He attended Washington Uni-

Robertson Won't Sign Contract

Seventh Ward Alderman R. E. Robertson issued a statement today that he has no authority to sign the garbage contract as he was delegated to do during Monday night's council session by the mayor.

The statement, which was issued by the alderman's statement follows:

"As a member of the Sanitation committee of the City Council and in reply to a comment by Mayor Partney, I wish to state that I have no authority to execute a contract for the city."

"It is the duty of anyone holding the office of the mayor to execute contracts for the city. Our committee was called upon to process three bids for garbage and trash disposal in Granite City. After a number of meetings and several reports, the committee found that it could not obtain from the lowest bidder satisfactory evidence to show that the bidder was financially responsible and, therefore, capable of performing the essential services required in garbage and trash collection for the city."

"The committee so advised the office of the mayor and accepted the proposal of the next lowest bidder, which bidder had given acceptable evidence of financial responsibility guaranteeing the performance of the essential services required in garbage and trash collection for the city. The committee and the city council have not performed their duties in obtaining this essential service for the city and the responsibility now falls upon the mayor to discharge his duty to provide such services by the execution of the contract."

Completes Advanced Artillery Training

Pvt. John A. Bonvicino Jr., 20, whose parents reside at 2725 Dale avenue, has completed eight weeks of advanced artillery training at the Army Artillery and Missile School, Fort Sill, Okla.

He was assigned as a cannoneer in field artillery. The training included maintenance and firing of artillery guns, howitzers and heavy machine guns.

Serving in Vietnam

Army Specialist Four Gary D. Gluka, 19, son of Mr. and Mrs. George Gluka, 3149 Davis avenue, has been assigned to the 1st Cavalry Division in Vietnam as a machine gunner.

University School of Business Administration.

"Locally, Witter has been accounting advisor for the Achievement and helped organize the Paddlers Pool Club, serving as the unit's first treasurer."

Sunset Hill Campgrounds Services to Open Monday

Religious camps will gather at Sunset Hills Camp Grounds for services to be held July 8-12. The meeting is sponsored by the Pentecostal Church.

Rev. A. L. Wunch, camp director, said a team of workers who will present a program of five major services daily. Guest ministers will be speaking nightly, and Rev. C. M. O'Guinn will be in charge of the morning Bible Hour at 10 o'clock.

MORE ABOUT Mayor Refuses

The city's present contractor, National Disposal Service, using their alternate bid with a once-a-week pickup during June, July and August with a savings to the taxpayers of \$54,000 for the period of the contract. (Three years)

"While it is true that the city is not required to take the lowest bid, the mayor continued, 'It seems to me that to take the highest bid is not good business judgment. The reason for this is the period of the 1967-68 Sanitation committee, Alderman Robertson, for awarding the contract to Milan Corp., rather than the lower bidder, was that the lower bidder could not meet the requirement of a \$75,000 performance bond, yet requirements of a performance bond were not in the specifications."

"I personally feel that we should make a temporary arrangement with the present contractor and enter into negotiations to reduce the total cost to the city. A copy of this contract was not delivered to my office until 2:30 p.m. Friday, June 28, and the performance bond was placed on file with the city clerk on Friday, June 28, at 4:45 p.m. (The council had specified a June 26 deadline)."

Should Readvertise

"The council should rescind its action and readvertise for bids. Our responsibility to the taxpayers is that we should provide them with the best possible service at the lowest possible price. I feel that taking this higher bid does not conform with this duty."

In the letter, the mayor also noted, "Under Milan's contract there is an increase to our merchants of \$5 per hour for container service. Also, any fire hauler utilizing a vehicle larger than a one-ton pickup truck is excluded from the dumping privileges. This means all contractors hauling for other taxpayers will have to pay for dumping."

The mayor also stated that he believed the \$75,000 performance bond was too high and that \$20,000 was ample, especially since the old contract called for only a \$10,000 performance bond, and before that the contractor did not have a performance bond.

First to attack the mayor's statement was Alderman Partney, who said he believed the higher performance bond, the better for the city. "You insisted we accept a contract proposal at the June 17 meeting because the old contract was expiring July 1. You knew then the council wouldn't accept the lowest bid. The committee wanted to give the low bidder more time to come up with the \$75,000 performance bond. I'd vote not to let you sign and let the people come to you with complaints."

At the June 17 meeting, the low bidder, Robert Jarrett and Miss Angle Jr., who were planning to go into the business on the basis of the contract, said they were unable to get a \$75,000 bond.

Once-Twice-A-Week

National Disposal Corp., Barrington, Ill., the old contractor, had submitted a bid of \$24,225 a year for twice-a-week collection in summer, and \$17,900 if once-a-week collections were maintained year-round. Milan did not submit an alternate proposal.

Alderman Partney said he had received numerous complaints for the change to twice-a-week collections in summer months.

"I supported the \$75,000 performance bond and I think we got the best contract," he added.

Nonn commented that when the contract was awarded to National Disposal, it was on a higher bid. Whitmer corrected him to point out the lower bid was not received until after the bid opening deadline.

Bid Specs Changed

Fry motioned for the mayor's letter to be placed on file. He pointed out the bid problem was the bid specifications were changed and the council did not readvertise for bids with the performance bond even though there was ample time. "This all could have been done properly."

Alderman Boyd complimented the committee that handled the contract. "You're the one, Mr.

Chamber Board Hosts St. Louis Officials

Development of the entire region rather than projects primarily in St. Louis will be the subject of a meeting of the St. Louis Chamber of Commerce, its president, Edwin S. Jones, and the St. Louis County Chamber of Commerce directors at the Rose Bowl restaurant.

At last night's addressing the St. Louis Chamber, suggested executive cooperation in such fields as industrial development, transportation, highways, education, national and state legislation and socio-economic opportunities.

The talks were made during a monthly Tri-Cities Chamber board meeting, at which President Howard W. Kaseberg presided. Other guests were R. A. Goodson, president of South Bell Telephone Co.; Nicholas P. Veeder, board chairman of Granite City Steel Co.; Frederick Pierce, president of the General American Life Insurance Co.; and Col. R. E. Smyser, Bi-State Development Agency executive director.

Before the dinner, the group made a bus tour of the 900-acre industrial park east of the Chain of Rocks Canal, the Stephen Maers Industrial Park in Madison, Quad-City residential areas and SIU-SW.

Auto Turns, Struck

While turning into his driveway, an auto driven by Earl Avery, 1460 Spruce street, was struck by another driven by Patrick Breese, 1720 Spruce street, at 6:20 p.m. Tuesday.

Mayor, who said we'd better award a contract as we'd have garbage coming out of our ears. I'd like to see the city have its own garbage collection department again.

Taking the floor, Alderman Green said that when he was appointed to the council three years ago he was told the city was going back into the garbage collection business. "You, Mr. Mayor, wouldn't want to hire an amateur in your business. This is a political move if there ever was one."

Breakdown of Vote

Council members voted 5-to-10 not to accept the mayor's letter. Voting for acceptance were Bartosak, Whitmer, Rutledge, Fry and Jarrett. Opposed were Dault, Mortimer, Boyd, Poulos, Green, Baasich, Nonn, Partney, Robertson and Dawes. Alderman Johnson was absent.

The council-mayor dispute over committees was not debated at this meeting.

As Mayor Partney called upon Alderman Rutledge for the Finance committee report, Boyd motioned for a suspension of the committee reports and for all business to be conducted under the unfinished business, old business and new business sections of the agenda.

The council then proceeded with individual aldermen making reports. Rutledge did submit the bill list and payroll.

Trailer Overturns on Highway, Injures Two

While unloading goods from an overpass tractor-trailer truck near Interstate 270 exit ramp at Route Three, Richard Long, 25, of 560 Barbary street, Milverton, operator of Richard's Shelly Station at I-270 and Route Three, and a station employee, Douglas Stinson, 28, of Rural Route One, sustained injuries when a second trailer into which the two men were transferring the load also overturned.

Long was admitted at St. Elizabeth Hospital at 1:30 p.m. yesterday with abrasions to the left leg, hip and shoulder and after undergoing skull x-rays, while Stinson was treated for pains in the left forearm and a sprained wrist and later released.

Stinson said today the truck being unloaded, owned by Pick Transport, was driven off the overturned about 6 p.m. Monday while exiting from Interstate 270. The driver of the truck was uninjured.

The two local men were inside the replacement trailer when it tipped over the side of the wheels, throwing them against the side of the vehicle, when the second mishap occurred about 1 p.m. yesterday.

Complete New Plan for More Port Facilities

Plans for a \$3.5 million industrial port facility on the Mississippi north of the Chain of Rocks Canal, to be operated by the Tri-City Regional Port Authority, have been completed by Union Electric Co. It was reported yesterday.

Union Electric Co. is one of seven utility co-owns a 900-acre industrial park established more than a year ago in Nameoki, Chouteau and Venetown.

Construction of the port is contingent, however, upon development of enough new industry in the industrial park to justify the facilities. The Tri-City Port Authority already operates a dock facility along the Chain of Rocks canal.

Side of Auto Struck

The left side of an auto driven by Maxon of 2718 Center street, was struck by another driven by Norbert H. Schade Jr., 1833 11th avenue, at noon Tuesday at Ridge avenue and Edwards street.

Rare Coins, Collections To be Displayed at Show

An award-winning Lincoln exhibit, containing documents, coins, medallions, plaques and other invaluable mementos owned by a St. Louis man, will be among the items displayed Sunday at the annual "Coin, Antique and Coin Show," sponsored by the Land of Lincoln Coin Club in conjunction with the Fourth of July observance in Wilson Park.

The one-day showing in the Wilson Park rink pavilion is expected to attract 40 to 50 rare coin dealers, according to Harry Fichte, coin club president, who said the public is invited to inspect more than 100 tables of collector's items from 9 a.m. to 9 p.m. Sunday.

Many of the coins will be for sale, with dealers also buying and trading others. Fichte said Russell Ames is show chairman. Also on sale to the public will be Illinois Sesquicentennial commemorative coins, ranging in price from \$30 to \$1. The anniversary medallions include large silver coins, valued at \$30, to the smaller bronze size, selling at \$1. A few small silver coins—priced at \$7.50—may be available Sunday, Ames said.

Club members also will sponsor a booth in the concession area at the Wilson Park fete, displaying for sale Sesquicentennial flags, medallions and other items. The booth will be operated all day tomorrow and Saturday and on Friday evening.

During Sunday's show, collector's exhibits will be judged and trophies presented to outstanding displays in five categories, including foreign and ancient coins, gold collections and paper currency, it was learned.

A special \$25 U. S. Savings Bond award is being offered by Granite City Trust & Savings Bank for the best historical exhibit in the show, Ames announced today.

Five Undergo Surgery At Local Hospital

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Monday:

Martin J. Buehner, 1407 West Pontoon road; Albert Hancock, East Alton; Ethel Koe, 2028 Ohio avenue; Jeffery Morton, 1007 Fourth street, Madison, and Tell Rucker, 1700 Spring avenue, were also there.

Auto Windows Broken

Mrs. Anna Whitson, 2132 Lee avenue, reported at 8:15 a.m. today that a window was broken in her son while it was parked at home during the night. Eggs also were thrown on it.

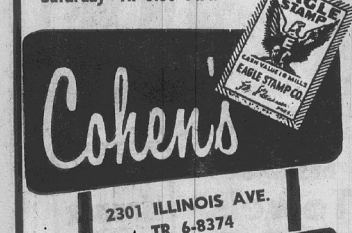

Parking Lot Planned East of Kirkpatrick

"Property east of Nameoki road is being acquired by the Granite City Housing Authority to meet Kirkpatrick Homes parking needs, it was announced at a monthly meeting last night. Widening of Nameoki road has eliminated many parking places in front of the apartments."

A conference is still pending between the housing commission, city officials and Illinois Division of Highways officials on a proposed pedestrian overpass at Nameoki road.

A low bid of 5.15 cents a gallon, or \$33,526 for 651,000 gallons of propane gas, was tentatively accepted, subject to state approval. Lighting Supply Co. of Salem, Ill., submitted the lowest of five bids. The fuel will be used for heating and cooking at all housing projects.

Open Tonight, Friday and Saturday 'Til 8:30 P.M.

Press-Record Youth Focus

Jones is Committee Head of Star Course

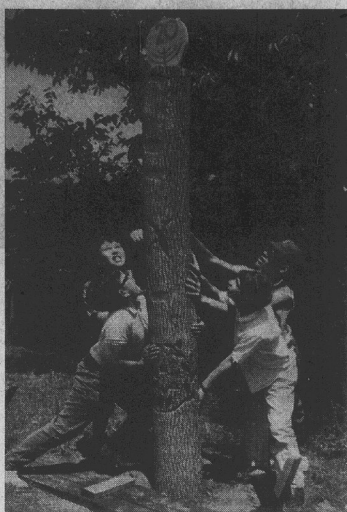

Dean Jones, 3244 Carlson avenue, is among 52 sophomore managers who have been named to Star Course, a student-operated activity which arranges for appearance of classical and popular performers at the University of Illinois at Urbana.

He will head the publicity committee, which in coordination with the advertising committee, uses newspapers, radio, television, pamphlets and direct mail to ensure public awareness of each concert.

Last year Star Course sponsored such artists and groups as pianist Van Cliburn, Leonard Bernstein and the New York Philharmonic, and the Royal Philharmonic.

Math Research Papers Published in New Book

Research papers from a world-wide specialty conference on mathematics sponsored by the National Science Foundation and Southern Illinois University-Southwestern have been published in book form by the Southern Illinois University Press. Editor of the volume is Deborah Tepper Haimo, former professor of mathematics here. Title of the volume is "Orthogonal Expansions and Their Continuous Analogues." The 320-page text is available through the Southern Illinois University Press in Carbondale.

JEWISH TOTEM POLE, claimed to be the first of its kind in the world, whittled by four youths at Southern Illinois University's outdoor laboratory while attending Camp Ben Franklin. They are, left to right—Dave Guggenheim, 13, Mt. Vernon; Mike Handler, 15, Jefferson City, Mo.; Larry Rose, 14, Granite City; and Phil Janklow, 15, East St. Louis.

Jewish Totem Pole Made By Youths at Lab Camp

To the guy who said nothing is new under the sun. Are you ready for this?

A Jewish totem pole. A big schtick.

It's standing in the sunshine at Southern Illinois University's outdoor laboratory and it has been created by four nice young Jewish boys as a tribute to the 20th anniversary of Israel.

They claim proudly that it is the first Jewish totem pole in the world. They are undoubtedly right.

The idea for it started with Ida Stack, activities director for Camp Ben Franklin, a summer program at the outdoor laboratory sponsored by the Jewish Federation of Southern Illinois.

Each summer, the two-week camp at Little Grassy Lake draws children from Jewish families throughout the region. It combines recreation with studies in Hebrew religion and culture.

When Mrs. Stack suggested an art-crafts project for the tribute to Israel, four boys took one look at a traditional Indian totem pole at their camp, yelled "kadeemah!" and took off for the wood pile.

The result of their work on an eight-foot ash log might be called Hebrew out of Chinook. Instead of eagles, turtles and other tribal symbols, the Ben Franklin totem includes the Star of David, the word "Israel" in carved Hebrew script, and a crowning sun with a drawing of the seven-branched candelabrum (menorah) that is lighted on the sabbath.

The artists were 13-year-old David Guggenheim of Mt. Vernon; Phil Janklow, 15, of East St. Louis; "chieft" Mike Handler, 15, Jefferson City, Mo.; and Larry Rose, 14, of Granite City.

Obtains Teaching Job

Miss Judith A. Schafer, 4038 Stearns avenue, has been employed as a physical education teacher at the new Central Junior High School in Havana, Ill., starting in August. She was graduated in June from Western Illinois University.

BLUE RIBBON winner Helen Gyarmati of Granite City demonstrates food preparation at a recent contest held at Edwardsville.

Four GC 4-H Girls Awarded Blue Ribbons

Four Granite City 4-H club members were presented blue ribbons for food demonstrations at a recent contest at the Farm Bureau building in Edwardsville.

They are Judy Carroll, Helen Gyarmati, Cheryl Gertsch and Maryann Yevin. The premium ribbons were awarded by the Illinois Bankers Association. Judges were Mrs. Jo Meyer, home economist at the local office of Illinois Power Co., and Mrs. Irene Hawley, extension adviser for Montgomery county.

Receives Degree in Medical Technology

Miss Jeanine Hoover, daughter of Mr. and Mrs. Roger Hoover, 2915 Marshall avenue, was one of four students to receive a degree in medical technology in commencement exercises Saturday evening at St. Mary's Hospital, Decatur.

The internship at the hospital completed her requirements for a bachelor of science degree with a major in medical technology, which she will receive from Eastern Illinois University in August. Mr. and Mrs. Hoover attended the ceremonies.

GC Council Oks Zoning Change For Apartment

Despite the third appearance at council meetings by a delegation of objectors, Granite City council members voted 10-5 Monday night to rezone a 2.65-acre tract off Johnson road for a three-story, 60-unit apartment house.

About 40 persons were in the audience to protest the council action, and several spoke.

At the outset of the council session, a letter from Alderman Johnson, who is vacationing, was read. He protested rezoning for an apartment and suggested the council either vote the ordinance down, defer action or perhaps the mayor would veto it.

There was no attempt to defer action. The ordinance had been placed on first reading last week, when 35 members of a delegation waited in the 94-95 degree council room for nearly three hours to voice their protests.

The meeting room was a little cooler this week with five fans, instead of one, to replace the out-of-service air conditioner. Alderman Whitmer arrived carrying his own fan, a large one with a long extension cord.

Principal spokesman for the delegation was Henry Lamb, 2029 Clark avenue. The 2.65-acre tract is bounded by Johnson road, Clark avenue, Mercer drive and the levee district ditch.

Lamb said several of the objectors had met last week with William R. Hoelscher and other members of the City Planning Commission, who said they had recommended the zoning change because there were no objectors at the public hearing.

He added that Hoelscher had shown the group a map of the proposed master plan for Granite City prepared by the Southwestern Illinois Metropolitan Area Planning Commission and that the tract zone classification was a R-3 for single family dwellings. It had been changed to R-4 for duplex dwellings.

"We were told," Lamb continued, "that several of the commissioners realized they would be sacrificing Mercer drive. This city can't afford to sacrifice any of its citizens. This is frightening. There are many similar tracts in Granite City."

"This is offering to a god of \$600,000 a block of people as sacrifice. This \$600,000 apartment building would be out of balance and out of balance with the entire area that is made up of one family residences."

Lamb added, "This is a sick piece of property and should be treated properly. In all sincerity we ask that it first be developed as R-3 or R-4."

Harold Cavins, 3315 Wabash avenue, urged development of the area with duplex dwellings. "Are we concerned with taxes or people? We got an added 25 signers along Wabash to the petition of protest. Does money buy everything?" he asked.

Also voicing protest was Herman Fahnstorf, 2009 Clark avenue, who said he had protested other zoning changes for the tract. "It looks like an area can be changed overnight from R-1 for one family dwellings to R-5 for apartments."

Speaking for Andrew Gitchoff, the developer, Irvin Slane, lawyer, said he had attended the session of the City Planning Commission and heard no comments about sacrificing an area. We have a good plan and it will help the property there in spite of the protests.

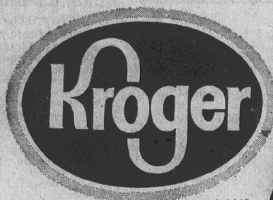

Alderman Dawes also voiced objection to the zone change, but Nomm called for a vote. Aldermen voting for the zone change were Dallas, Moerlein, Bartoskiak, Whitmer, Boyd, Green, Bazarich, Nomm, Fry, Parmley and Robertson. Opposed were Dallas, Poulos, Rutledge, Jarrett and Dawes.

Robt. Rosch Offered Assistant Dean Post

Robert Stuart Rosch, son of Atty. and Mrs. Gilbert Rosch, 82 Oaklawn drive, recently graduated from Stanford University School of Law, and was offered the position of Assistant Dean of Students at the University.

He also was awarded the Lawrence S. Fletcher Alumni prize and was president of the International Society of Stanford University.

Young Rosch is presently employed in his new position and is preparing for the bar examination of the State of California.

Eventual Separation of Canada Between Those of English and French Descent Seen As Possible

"Quebec Confronts Canada"

by Edward M. Corbett, Baltimore, Johns Hopkins Press

Reviewed by David E. Conrad, a faculty member of the Department of History of Southern Illinois University.

(Review published in the Daily Egyptian, SIU Department of Journalism, Carbondale.)

Most Americans feel they know something about Canada. They know Canada had a world's fair last year, they know that nearly 100,000 hockey players come from there, and they know that Canadians look, talk and act pretty much like Americans.

Many Americans even know that there is a part of Canada where French is spoken, but few understand the Canadian government and how it is dealing with these problems.

An astonishing fact is that Americans know so little about Canadian government that many are not sure that city is the national capital.

In recent years, Americans have been puzzled and surprised by reports of a "nationalism" - Quebec nationalism.

Probably, most of us have thought of this as rather absurd, something like Basque nationalism or Puerto Rican nationalism.

Even when President De Gaulle visited Quebec last year, he made himself known to his democratic call for a free Quebec, few Americans understood the full implications.

In view of this almost unbelievable ignorance of our friendly neighbor to the north, most of us would benefit greatly from a careful reading (it is not a book to read lightly) of "Quebec Confronts Canada."

Author Edward M. Corbett, a former professor of French and now a career civil servant, has written a thoughtful, comprehensive and nearly exhaustive study of the problems presented by Quebec to Canada.

It is obvious that although he has used extensively the standard sources for such a work - newspapers, books, pamphlets, government documents, events - a major part of what he has written comes from his own perceptive observation and wide knowledge of Quebec.

The problems of Quebec, like most human problems, have their origins in history.

The French-speaking people of Canada will live in the shadow of the conquest of their ancestors by British and American colonial armies in the 1760s.

French Canadians have struggled since the Conquest to retain their respect, their identity and symbolically, their language.

For many years they hoped, because of their Catholic religion and perhaps because of their Latin blood, that they would be able to achieve "cradle revenge," that is to out-populate the English and some day be the majority.

Today, there are French Canadians throughout Canada, but they are concentrated in the areas they occupied when the Conquest took place - Quebec and the Maritime Provinces.

The rest of Canada is predominantly British and English-speaking.

within confederation will ultimately depend on English Canada. The demand for autonomy has already been made in French Canada.

In an excellent chapter on the intellectual climate, Corbett analyzes the origins of the quiet revolution.

It came principally from the writings and thoughts of certain Quebec newspapermen, professors, politicians, priests and television personalities.

Eclecticism is the keynote. There is a strong desire to adopt to their needs the best the world has to offer in education, technology and art.

Anything French gets prime consideration, and anything from the United States is viewed with suspicion.

Pride in the enhanced role of De Gaulle's France turned their mobocracy has turned the elite of French Canada more and more toward France.

While French Canadians admire the technological and economic accomplishments of the United States, there is strong intellectual resistance to American cultural domination.

The effects of this new attitude on the part of French Canadians can readily be seen in today's Canada.

Much of the controversy has centered on the French language, with the result today that French is taught in most public schools and that the right of French-speaking Canadians to use French in dealing with their government or other Canadians is carefully protected by law.

All civil servants in Canada are now required to study French and to master it eventually (at some distant date).

Many English Canadian businessmen who thought their tongues could never twist around French words now find themselves learning French.

Corbett, an authority on Quebec French, believes that the dialect is not as important as is purported, and that it sounds to most Frenchmen like a provincial dialect of their own country.

He also points out that Quebec is the leading center outside of France for French culture in French and, indeed, the leading center of French culture in the world outside of France.

Individually, nearly every French Canadian, according to Corbett, demands a French Canada in which he no longer feels like a foreigner in his own country.

He demands that his rights to speak French, to have equal economic opportunities, and to preserve his cultural heritage be guaranteed from Newfoundland to British Columbia.

Corbett makes some interesting but possibly limited conclusions about the reaction of English Canada to the new "French Quebec."

Many English Canadians and New Canadians (other immigrant groups, most of whom have been in the country for a long time) are reluctant to make concessions to French Canadian demands, especially in the area of bilingualism.

But the author feels that significant numbers of English Canadians find it impossible to shake off the "mental blinders" they have always had toward the French Canadian.

Renewal Can Be Planned, Guided
Locally to Meet Local Needs

Urban renewal, one of the processes by which citizens and government could stimulate the development of downtown Granite City, has aroused the ire of many people much like a waving cape angers a bull.

This reflex action, while somewhat understandable, is not justified because renewal goals, procedures and effectiveness vary greatly between different communities.

Severest criticism of urban renewal is that it ousts longtime residents, bulldozes their property to ground level and replaces it with facilities of little or no use to them, displacing them either temporarily or permanently and ruthlessly altering their way of life.

At the opposite extreme is the Utopian concept of a community, retaining its environment being changed almost overnight to a bright, clean, attractive new world in which happiness and self-fulfillment are the rule.

Exactly what urban renewal would bring to Granite City cannot be fully predicted at this point, but what should be kept in mind is that its scope and aims would be determined locally, not by some far-off administrator largely unaware of local conditions and needs.

The vital ingredient that makes renewal imperative here is that it enables acquisition of an area big enough to attract redevelopment activities of significant benefit to a community. Piecemeal property purchases often are impossible or would be so time-consuming that anyone with a profit incentive is blocked from proceeding.

Specifications, Sharp Rise in Trash
Collection Costs Are Unsatisfactory

Mayor Partney makes a valid point in saying that the Granite City municipal government probably should have sought new trash collection bids in order to provide taxpayers with the best possible service at the lowest possible price.

It will be recalled that the council accepted a St. Louis firm's \$193,918-a-year three-year bid; other yearly proposals were \$128,368 from

Sewer problems will be considered at a mass meeting of taxpayers at the Fleishman-McNary hall.

The D.D.E. club surprised Miss Anna Robertson at her home in honor of her birthday. Present were Misses Anna Strackeljohn, Hazel Pullman, Irma Dillon, Wilma Barry, Byrdle Boyd, Sylvie Seago, Evelyn Andres, Mae Rader and Mabel Elcher and Mrs. Louis Kahle.

Archibald Boyd Jr. departed for Atlantic City, N. J., to attend the national ELKS convention.

The B.O.E.C. club was entertained at the home of Misses Anna and Freda Feldman in honor of Mrs. George Hughes on her wedding anniversary. She received presents, and a luncheon was served.

Expanded Role for Centers
Discussed by what is regarded as sparse utilization of Mental Health Center, the Senate Public Welfare Committee has cleared a bill, S. 1088, calling for use of the centers to provide in-patient services for emotionally disturbed children and adolescents, physically handicapped mentally retarded persons, and severely retarded persons.

Testimony heard by the committee disclosed that only about half of the total capacity of the seven zone facilities is being used.

A Granite City partnership and \$214,250 from the present contractor, a Barrington, Ill., corporation. The latter has been paid at \$12.74 a year and bid \$175,900 if one-weekly summer collection was continued, instead of the twice-a-week now scheduled for summers in 1968-7.

Factors justifying a new round of bidding include the wide range of the bids, apparent uncertainty over ability to perform, and the substantial increase in cost compared to the previous contract. Requirement of a performance bond may be wise, but this should have been made a part of either the original or second round specifications, rather than being stipulated informally after bids had been opened.

If it is still possible to obtain new bids, signing of the new contract has been delayed - this would seem to be the best course. If it is too late, we hope the officials have learned a lesson and, in their future awards, follow procedures more consistent with those of other governmental agencies in this region.

Thoughts of Vietnam Inescapable
As Independence Day Approaches

No thanks, President Adams. We agree in sentiment with your call 192 years ago for the Fourth of July to be observed with "shows, games, sports, guns, bells, bonfires and illuminations," but there is already so much gunfire in American streets and in Vietnam that we will not add to the din.

Independence Day 1968 will be commemorated with public festivals and supervised fireworks displays, of course, and this is as it should be. It is essential that older and younger generations keep alive within their hearts and minds an intense patriotic fervor - a love of country that goes beyond mere theoretical allegiance to the American principles of justice and democracy.

The fact that all men are brothers does not alter the fact that not all men want freedom to prevail. It is the absence of freedom in much of the world, and the continuing effort to undermine those nations which maintain it as a beacon of hope to all, that cause Americans to not take their hard-won rights for granted. Liberty will not be retained except by those able and willing to defend it, proudly and bravely.

Independence Day is a proud occasion and yet a time of sadness because it once again has become necessary for Americans to take up arms on foreign battlefields.

If we approach the holiday this year more quietly and soberly than usual, it is not for any lack of devotion to U. S. ideals but because our thoughts dwell not only on one's community and homeland but also on those sacrificing so much on the other side of the globe.

It will be a time for even greater celebration when an honorable and just peace is achieved.

Needed Transit Funds Obtained

Allocation of an initial \$500,000 federal grant to the Bi-State Transit System, made possible by funds provided by the states of Illinois and Missouri, will enable acquisition of 40 more air-conditioned buses by the largest bus transportation fleet in the country.

Along with the successful effort to end financial foot-dragging at Jefferson City, combined with earlier action at Springfield, have made it possible to maintain and possibly improve bus service in the Quad-Cities.

The Madison public library loaned 30,003 books last year, with an inventory of 7907 volumes.

Mrs. Harold Niepert entertained her card club at a party in her home. Guests were Mrs. Bertha Hippey and Mrs. G. Baumburger Jr., and both received prizes. Mrs. Elmer Baumburger, Mrs. Victor Koernig and Mrs. Charles Baumburger were members holding winning scores. Next hostess will be Mrs. Marvin Tedder of Hodges avenue.

Young people of the Presbyterian Council finished a week's study of the Bible. Forty were enrolled, and the classes were taught by Mr. and Mrs. Daniel Moore, Mrs. Roger Dodson and Mrs. Minnie Corey.

Nationwide rationing of heating and cooking stoves has been delayed until mid-August.

The Granite City Optimist club had an unusually large crowd, a number of guests being present to hear Larry Arthur of the Federal Reserve Bank discuss the new pay-as-you-go withholding tax.

Continental Congress Declared Colonies Independent of Britain

(Tri-City and Illinois Bar Associations)

Traditionally and by law, July 4th is celebrated in America as the day of Independence. In 1776, actually, the historic decision to break from British rule was made on July 2, 1776.

Delegates to the Continental Congress at Philadelphia decided the issue of independence on July 2, 1776, when they passed a resolution stating: "... These United Colonies are, and of right ought to be, free and independent States."

The resolution was one of three introduced to Congress on June 7, 1776, by Richard Henry Lee of Virginia.

The other resolutions which were subsequently incorporated into the Declaration of Independence were that the colonies "... are absolved from all allegiance to the British Crown," and that all political connection between them and the State of Great Britain, be, and ought to be, totally dissolved.

Three days after Lee introduced his resolutions, Congress appointed a five-member committee, chaired by Thomas Jefferson to prepare a declaration of colonial independence. Jefferson drafted the declaration and it was signed by 56 members of Congress on September 17, 1776.

The result was the Lee resolution was passed on July 2 without a single dissenting vote. The next two days were spent on the details of the declaration which was unanimously adopted on July 4, the date now set aside both by Illinois and the Quad-Cities for celebrating American Independence.

Liberty—Never Old-Fashioned

(Tazewell County Courier, East Peoria, Ill.)

Whether we like it or not, Vietnam has become a war effort of the first magnitude. It can be nothing else when hundreds of thousands of U. S. citizens are called upon to leave their homes and families for military service.

In past wars, there have been differences of opinion as to the means and policies of leading the war, but never, as at present, has there been evidence of lack of support of the basic principle of freedom for which we have always fought.

In spite of this weakening of the ideal in the ideal of the commitment of Admiral E. M. Eller, director of Naval History, concerning the attitudes and feelings of servicemen in Vietnam.

The result was the Lee resolution was passed on July 2 without a single dissenting vote. The next two days were spent on the details of the declaration which was unanimously adopted on July 4, the date now set aside both by Illinois and the Quad-Cities for celebrating American Independence.

One such delegate, Caesar Rodney rode all night from Delaware in order to cast an affirmative vote for independence. The result was the Lee resolution was passed on July 2 without a single dissenting vote.

The next two days were spent on the details of the declaration which was unanimously adopted on July 4, the date now set aside both by Illinois and the Quad-Cities for celebrating American Independence.

One such delegate, Caesar Rodney rode all night from Delaware in order to cast an affirmative vote for independence. The result was the Lee resolution was passed on July 2 without a single dissenting vote.

Failure to Mark 'Con Con' Ballot Could Defeat It

(Review of legislation in Illinois General Assembly)

The House Elections Committee has killed an attempt to put the Constitutional Convention question on a so-called party circle ballot for the November election.

As a result, the Con Con issue will be voted on a separate ballot rather than included on both the Democratic and Republican ballots.

The question to be decided by voters is whether to authorize the calling of a convention at which a new state constitution would be drafted. Approval does not commit the public to a new constitution; the new document would be submitted on its own merits in a later referendum, after voters have been given a chance to study it.

The action by the House committee places the responsibility on each voter in the November 1968 election to mark a separate ballot. If he fails to do so, it is as if he had not voted at all.

Reading it will open the door to a whole new area of knowledge for many Americans. It is not an easy book to read or comprehend, but it is extremely worthwhile.

Eight Will Not Return to U. S. Senate This Fall

(Brotherhood of Locomotive Firemen & Enginemen)

Of the 100 members of the Senate seated when the second session of the 90th Congress began in January, eight will definitely not be back when the 91st Congress convenes.

Of course there is the loss of Senator Robert F. Kennedy (D-N.Y.), slain by an assassin. He served on the Labor and Public Welfare Committee as well as Government Operations and the District of Columbia committees.

Another loss will be that of Senator Thomas H. Kuchel (R-Calif.), the Republican who had labor support in his campaign for re-nomination.

From the labor standpoint, the loss of Kuchel was only part of the bad news. He was liberal in his views and votes. The Republican Whip, Raftery, who is recognized as a conservative.

Labor's hope in California is that the Democratic nominee, former Controller Alan Cranston, will emerge victorious in November.

Nine Youths Enlist, One Re-enlists in Army

Nine area youths have enlisted in the U. S. Army and a veteran has re-enlisted according to S/Sgt. Morris L. Cook, local Army recruiter.

Vernon Joseph Thomas, husband of Mrs. Darlene Thomas, 2405 Edwards street, has 14 years of prior military service and has returned to complete the remaining six years to make him eligible for retirement. He

Pogue; Russell Jay Harris and Richard Lee Hart Jr.; and back row—Everett Ralph Jorens Jr., Gordon John Casey, Arthur Lynn Schreiber, Robert Charles Doublass and Vernon Joseph Thomas.

is undergoing processing at Fort Leonard Wood, Mo.

Receiving basic training at Fort Leonard Wood are Russell Jay Harris, son of Mr. and Mrs. Fred Harris, 2634 Hemlock avenue; Richard Lee Hart Jr., son of Mr. and Mrs. Richard Hart, 3005 Iowa street; Michael Eugene Hogue, son of Mr. and Mrs. Ernest Hogue, 2023 Dewey avenue; Robert Charles Douglas, son of Mr. and Mrs. Robert D. Douglas, 512 Jefferson avenue, Venice.

Arthur Lynn Schreiber, son of Mr. and Mrs. Arthur Schreiber, 2104 Miracle avenue; Noah Ezra Tidwell Jr., son of Mr. and Mrs. Noah E. Tidwell, 2602 Kirkpatrick homes; Danny Leonard Myers, son of Mr. and Mrs. John Myers, Troy; Gordon John Casey, son of Mr. and Mrs. Charles Casey, Raymond; and Everett Ralph Jorens Jr., son of Mr. and Mrs. Everett R. Jorens, St. Louis.

Tidwell and Casey are students and the others are 1967 and 1968 high school graduates. Schreiber and Harris selected stock control and accounting specialist as their guaranteed enlistment options and the others chose Regular Army.

Earns Degree of N. U.

Miss Ruth A. Maxton, daughter of Rev. and Mrs. David Maxton, 30 Oaklawn terrace, received a bachelor of science degree in speech at recent commencement exercises at Northwestern University, Evanston.

Granite City Park Levis Decreased to \$68,657

An appropriations ordinance and tax levies totaling \$68,657, a decrease of \$2448 from last year, were adopted Monday night by Venice park district commissioners.

The total was \$1743 less than the tentative budget of \$70,400 approved last month as the Illinois Municipal Retirement Fund levy was cut from \$3500 to \$2837 and \$600 for an audit was eliminated.

Harry Hatman, attorney for the district, said the outside audit is not necessary as the district is required to file a financial report with the state auditor. The budget is for the fiscal year from May 1 to next April 30.

The board also adopted a resolution authorizing tax anticipation warrants of \$20,000.

THE SPIRIT OF FREEDOM IS SYNONYMOUS WITH U.S.A.

The "Spirit of Freedom" has been reflected in many lands through the years of history. Since July 4, 1776, however, freedom's spirit has been symbolized by the actions of Americans both at home and in distant lands where our brave men and women have always aided in the suppression of dominating powers. Let us, tomorrow, rededicate ourselves to this defense of every man's inalienable right.

BRIDGE CLUB WINNERS

Winners from a Granite City Duplicate Bridge club meeting Sunday evening at the Elks club were Fred Nieman and Al Schaefer, first; Al Barnes and Mrs. Helen Meyer, second; and Mrs. Joyce Barnes and Sam Meyer, third.

The club will hold its next meeting July 7 at the Elks.

On Monday morning, Mrs. Betty Caldwell and Mrs. Helen Hudson took top honors in games of the Nameoki Duplicate Bridge club, Mrs. Ruth Densford and Mrs. Verna Meyer were second and Mrs. Golda Belser and Al Schaefer were third.

The next Nameoki meeting will be conducted by the director or both clubs, Mrs. Meyer on July 8 in her home, 2832 Yale drive.

WEDDING SHOWER

Mrs. Sharon McConnell, who was married June 15 in Edwardsville to Chas. McConnell, Jr., was honored with a bridal shower Sunday afternoon given by her aunt, Mrs. Dolores Lane, in the latter's home, 3432 Delmar avenue.

Tables were decorated with a white cloth covered with netting gathered at several corners and held in place with small pink rosebuds.

The centerpiece was a wedding cake topped with a miniature bride and groom. Lighted pink candles were placed on either side.

Guests were Mrs. Wanda Hotson, Sheriff, grandmother of the bride, Mrs. Maribeth McConnell, mother of the groom, Mrs. Quincy McConnell, grandmother of the groom, and Mrs. Rita McConnell, Mrs. Louise Hotson, Mrs. Bernice Hotson, Mrs. Ann Hotson, Miss Trudy Hotson, Mrs. Aleene Phillips, Miss Lois Whitsett, Mrs. Ruth Engle and Mrs. Thelma Tortorice of St. Louis.

Those winning prizes in games were Mrs. Pam Wilson, Mrs. Ann Hotson and Mrs. Mary Simon.

SIXTH BIRTHDAY PARTY FOR MICHAEL STIEB

Michael Stieb observed his sixth birthday Monday afternoon at a party given by his parents, Mr. and Mrs. Peter Stieb, in their home, 5 Miami court.

Supervising the children during the game session was the honoree's aunt, Miss Sally Stieb, and his cousins, Miss Janet Hassett of Chicago and Miss Terry Davis.

Prizes went to Blake Ambuehl, Louis Spohr, Jeff Wint, Mike Tooy and Donald Hayes.

Refreshments were served by the hosts to the prize winners and Bobby Fuller, Kim and Greg Powderly, Laney Winters, Mary Koepfer, Beth and Greg Maycock, Robin and Christy Hayes, Denise Davis and the sister of the honored guest, Ann Stieb.

In Memoriam 33-73

It is good to breathe thy name; In life we loved you dearly, In death we do the same.

Sadly missed by CHARLES and DAN MC GEE FAMILIES 33-73

In loving memory of MIKE CHAVICH, who passed away June 18, 1968.

Daughter, Grandson and Son-in-Law

In loving memory of ANDREW MANCHE, who passed away July 5, 1965.

Mother, Brother, Father and Grandmother 33-73

Public Notices 34-73

ADVERTISEMENT FOR BIDS Sealed bids will be received by the Board of Education, Community School District No. 9, Madison County, Illinois, at 2014 State Street, Granite City, Illinois, until 3:30 P.M. (D.S.T.), July 30, 1968, for the construction of a Four Class Room Addition to the Parkway Elementary School, Maryville Road, Granite City, Illinois.

Combined proposals will be received covering General Contracting, Heating and Ventilating Work and Electrical Work. Plans and specifications may be obtained at the office of Virgil H. Dugger, Architect, 1838A Delmar Avenue, Granite City, Illinois, in deposit of thirty-five dollars (\$35.00) for each set, which deposit will be refunded to bona fide bidders if the documents are returned in good condition within ten (10) days after opening of bids.

The Board of Education reserves the right to reject any or all bids and to waive technicalities.

Dated: June 26, 1968.
CARL MACIOS, Secretary
Board of Education
Community Unit School District No. 9, Madison County, Illinois 34-73

ASSUMED NAME PUBLICATION

Public Notice is hereby given that on June 24, A. D. 1968, a certificate was filed in the Office of the County Clerk of Madison County, Illinois, setting forth the names and post-office addresses of all persons owning, conducting and transacting the business known as EMERALD LAKE, located at Chouteau Township, Illinois.

Dated this 27th day of June, A. D. 1968.
EULALIA HOTZ,
County Clerk of Madison County, Illinois (6/27/73-11)

GC Men, 21, Attempts To See Child, Arrested

William Hausman, 21, who gave an address in the 2000 block of Missouri avenue, who also gave a Cottage Hills address, was arrested at 4:45 p.m. Monday by Wood River police on charges of disorderly conduct and destruction of property. He was released on \$50 cash bail.

Police said he is charged with breaking into his ex-wife's apartment in Wood River and attempted to take their baby daughter. He broke a glass pane to gain entry. Police said he has visitation rights on Saturdays. His ex-wife told police she refused to let him visit the child because he has not provided any support payments.

Eggs Thrown at Home

Dorothy Conreux, 2817 Washington avenue, reported at 8 a.m. today that eggs were thrown on her house.

Obituaries

SHORMAS, MRS. FRANCES (nee Sankovich), 1404a Madison avenue, Granite City, Ill. Entered into rest, 5 a.m. Wednesday, July 3, 1968, St. Elizabeth Hospital.

Beloved wife of the late Louis Shormas; dear sister of Mrs. Rose Lamphrey, Newport, N.H., and Mrs. Marguerite Renshaw, Mt. Erie, Ill.

Arrangements incomplete at **SEDLACK FUNERAL HOME**, 615 Madison avenue, Madison, (876-1619).

BOYS WATCH as carnival workers unload rifles at the Madison July 4th picnic grounds along Third street at the Junior high school for a five-day run that starts today. Fireworks will be shot off at dusk on Sunday.

Mrs. Frances Shormas Dies at Hospital

Mrs. Frances Shormas (nee Sankovich), about 35, of 1404a Madison avenue, died at St. Elizabeth Hospital, at 5 a.m. today.

She had been ill for three years and in the hospital for the past 31 days. Death was attributed to cancer.

Born in Wood River, she had resided locally for several years. She is a member of Lodge 222, Crofton Fraternal Union.

Her husband, Louis Shormas, died Dec. 23, 1964. Survivors include two sisters, Mrs. Rose Lamphrey, Newport, N.H., and Mrs. Marguerite Renshaw, Mt. Erie, Ill.

Further information is given in today's obituary column.

Fred H. Harris, 77, Dies in Nursing Home

Fred H. Harris, 77, of Worden, a retired Granite City Steel employee, died Tuesday at 2:15 a.m. in a Littlefield Nursing Home.

He is survived by his wife, Mrs. Mabel Harris; two sons; one stepson; 17 grandchildren and six great-grandchildren. Graveside services will be held on Friday at 2:30 p.m. at the Sidney City Cemetery.

House, Auto Egged

Charles Veach, 2465 St. Clair avenue, reported at 12:20 p.m. Tuesday that eggs were thrown on his home and auto.

Mayor Partney in Group Visiting VP Humphrey

Citing Vice-President Hubert H. Humphrey's "world of experience" gained as mayor, U.S. Senator and vice-president—spanning almost a quarter century plus an ability to grapple with problems besetting small or major cities alike, Granite City Mayor Donald Partney today fully endorsed Humphrey's candidacy for U.S. president.

Mayor Partney returned Monday evening from Minneapolis, Minn., where he was among 100 Democratic mayors attending a two-day conference called by the Vice-President.

"I feel highly honored receiving the invitation and events at the Vice-President's home in Waverly, Minn., about 40 miles outside the metropolitan area."

"This too was a memorable experience," Mayor Partney said, remarking that the Humphrey home is unpretentious in the \$20,000 to \$25,000 price range. "The atmosphere was relaxed and informal, just like being invited to your home or mine," he added.

"Several ladies from the small community served us a fried chicken dinner in two large tents situated on the lawn. Partney also mentioned that the Vice-President 'fools around with two well-preserved Model T Fords into which he piled several mayors taking them for a brief ride around the block.'"

In a statement to the Press-Record, Mayor Partney said today: "We, the mayors of American cities, believe that there are times of exceptional challenge in our cities. Times that call for a man of exceptional talents and experience to lead the Nation."

Depot to Welcome MP Escort Unit

Welcoming ceremonies are tentatively set for today at the Granite City Army Depot to mark the arrival from Germany of the 463rd Military Police Escort Guard, a company-strength Army unit of enlisted men and officers which has been permanently assigned to the local installation.

The number of troops in the 463rd was not made available. Advance information indicated that several servicemen were accompanied by dependents, while others will be joined by their families at a later date.

Official ceremonies at the Depot main gates, initially planned for early last evening, were postponed when the unit's arrival here was delayed until 1 a.m. today.

The outfit has been stationed the past three years in Augsburg, Germany, following the unit's activation in July 1965. The entire military complement left Munich-Rheims Airport in Germany early yesterday, making a single re-fueling stop at McGuire Air Force Base en route to Lambert Airport, St. Louis.

Col. Charles E. Hoskin III, depot commander, noted that 463rd Military Police personnel will perform routine and special missions for the Depot and supplement MP forces in St. Louis. Composed of Fifth Army troops, the 463rd will be under direct command of the Depot commander while assigned here.

IPC Buys Electric System at Ogden, Ill.

Illinois Power Co. this week began serving electricity in Ogden, Ill. The Decatur-based utility purchased the village's electric distribution and street lighting facilities on July 1 for \$225,000.

The company had been selling power to Ogden at wholesale, for distribution by the village over its own lines to about 270 customers. The sale has been approved by the Illinois Commerce Commission and the Federal Power Commission.

The company said customers will benefit from lower rates as a result of the acquisition and they plan to correct substantial voltage/condition and equipment overloads on the village's secondary distribution system, and make other improvements.

The company serves electricity to about 400,000 customers and natural gas to 300,000 in an area equal to one-fourth the state. A fifth plant is under construction at Baldwin, Ill.

County Residents Buy \$329,924 U.S. Bonds

Madison county residents purchased a total of \$329,924 in savings bonds and Freedom Shares in the month of May according to Henry D. Karandjoff, local banker and general county chairman of the savings bond committee.

3 Homes Entered, Materials Stolen From Contractors

Burglars broke into three homes and stole construction materials from two contractors as 10 crimes were reported in the area since Monday. Two St. Louisans were arrested in an auto stolen here.

Building materials valued at \$338 were stolen from the Howard Steele Construction Co. at a construction site in Arlington Heights, it was reported to the sheriff's office Tuesday.

Included were 18 pieces of half-inch 4x8 plywood, 30 pieces of 12-foot two-by-fours, 65 pieces of 16-foot two-by-fours, 40 half-inch 4x8 insulation sheathing, 100 pounds of sinkers and 105 pounds of nails.

A motor vibrating machine valued at \$200 was stolen and a new home was damaged by vandals in the Lueders Park Estates subdivision, it was reported Monday by Leo Wolf, contractor.

It was poured on hardwood floors, a window and some plaster were broken and an oven was chipped.

The home of Glenn Lowe, 1232 Edwardsville road, was a burglarized during the night while the family was away on vacation. It was reported at 9 a.m. Tuesday by Vada Kralovich, 4257 Highway 111. Entry was gained through an unlocked kitchen window.

Taken were a record player valued at \$78, an unknown number of records, a woman's housecoat valued at \$8 and all of the items in the freezer.

Theft of four rings from her apartment was reported to Venice police yesterday by Emily Adams, Apt. 14, Venice homes. She said the missing items include a diamond ring worth \$125, a cameo ring worth \$85 and two silver rings on which no estimate of value was made. She said a car title also was missing.

A man's and a woman's gold watches were stolen from the living room at the home of Albert Loftus, 1410 Grand avenue, between 10 a.m. and 1 p.m. Tuesday, he reported at 2:15

U. S. Order Calls For More Negroes On Highway Jobs

A new federal requirement for increased employment of Negroes on Illinois state highway projects in the Madison and St. Clair county areas is causing considerable concern among district highway officials, Robert Kronst, district engineer at French Village, told the Press-Record yesterday.

Kronst said that he has been informed unofficially that payment of federal funds involved in about \$25 millions worth of proposed highway projects in Madison and St. Clair counties has been suspended until greater efforts are made to hire Negroes.

The district highway engineer said he understood, also unofficially, that the federal government will require a Negro employment of about 25% of the working force, a requirement that he believes is impossible to meet, particularly in some areas.

Kronst said that the order, as he understands it, does not affect existing projects.

Work Now Underway

The contract for paving Federal Aid Route 151 (The Great River Road) from north of Pontoon road to Netherland avenue already has been awarded, and the improvement of Netherland road from Madison avenue to route 162 already is well advanced, Kronst pointed out. He pointed out the number of Negroes in trades unions is slight.

Kronst said that the order would not involve the proposed construction of the Broadway underpass at Venice since that project does not involve federal funds. There are no immediate major highway projects pending in the Quad-City area.

Kronst said that he has received no specific notice of the federal order, but was told of the requirement by Roger Nussbaum, assistant chief highway engineer of the State Highway department at Springfield.

Present Illinois highway contracts require that "affirmative action" must be evident in hiring workers on an equal opportunity basis. Nussbaum said the federal government has expressed dissatisfaction with this arrangement.

Contractors Do Hiring

The order for suspension of federal highway allocations was issued in Washington by Lowell Bridwell, federal highway administrator for the Department of Transportation.

Kronst noted that work crews on highway projects are hired by the contractors through the unions, and that the number of Negroes on union rolls is slight, particularly in skilled and semi-skilled trades needed

AMVETS POST 51 OFFICERS, installed earlier this week in ceremonies at the Post Home, 5100 Lakeview drive, from left to right—Ben Sanders, finance officer; Earl Smith, membership director; Arthur Ritz, service officer; Stuart Couch, provost marshal; Leo Clements, first vice-commander; Charles Huntman, Illinois 5th Division commander and installing officer; William Grable, board member; Joseph Wickham, commander; David Murphy, adjutant; Russell Robinson, retiring commander; John Wasson, board member; Rex Manning, second vice-commander; Floyd Tucker, historian; Albert Damal, third vice-commander; Charles J. R. Wilkins, board member; and Steve Konkovich, public relations officer. Absent when the photograph was taken were Richard Reinhardt, chaplain; and Horace Calvo, judge advocate.

Amvets Post 51, Auxiliary Hold Joint Installation

Dual installation ceremonies for incoming Amvets Post 51 and Auxiliary officials were conducted this week at the Amvet Post Home, 5100 Lakeview drive. About 200 members and guests witnessed the outdoor installation and participated in a chicken dinner which followed in the clubhouse.

Installed as Post 51 commander was Joseph Wickham, who succeeds in office, Russell Robinson, while Mr. Charlotte Damal was inducted as Auxiliary president, replacing Mrs. Agnes Konkovich.

Charles Huntman of Mount Vernon, Illinois 5th Division commander, and Mrs. Ann Tucker, a past division president and member of the local auxiliary, served as installing officers. Huntman was accompanied here by his wife and Francis Swinnen of Mount Vernon.

Arvil V. Taylor Jr.

With AFROTC in Ohio

Arvil V. Taylor Jr., son of Mr. and Mrs. Arvil V. Taylor Sr., of Rural Route Two, is participating in a U. S. Air Force Reserve Officers Training Corps field training encampment at Wright-Patterson AFB, Ohio. His wife, Sharon, is the daughter of Mr. and Mrs. Charles Koch, 1609 Pontoon road.

He is a 1966 graduate of Granite City high school and is a member of the AFROTC unit at Southern Illinois University.

Many to much of the construction work on a highway job.

In the East St. Louis area where several major highway jobs and construction of new approaches to the Poplar Street bridge are under way, about 15% of the total work force is made up of Negroes, Kronst said.

Mrs. McKinney Attends Leadership Institute

Mrs. Twila McKinney, president of the Granite City Area PTA Council, has returned from the fourth annual Council Leadership Institute and summer board meeting of the Illinois Congress of Parents and Teachers held at Illinois State University, Normal.

Mrs. McKinney was among 100 council presidents and district leaders participating in the institute, who represented 130 PTA councils throughout the state with a membership of nearly 600,000 parents and teachers. Mrs. V. J. Brazier of East Alton, ICPT state president, conducted the semi-annual board meeting.

Mental Health Center Gets \$75,000 Grant

The Quad-Cities center of the Madison County Mental Health Society has received a state grant of \$75,000 for operations during the fiscal year starting July 1, it was announced this week at Springfield.

The society's Alton center received \$63,500. The grants were among \$5,828,427 for mental health clinics, day centers for the mentally retarded and other community mental health projects in the state and are about \$600,000 more than last year.

Most of the money comes from the state's mental health fund, an appropriation by the General Assembly from payments by patients and their relatives for care in state mental institutions.

Fighting Charges Filed

Three persons were arrested on fighting charges at 8:10 p.m. Monday at West 22nd street and Ohio avenue. They are Guy Gordon Bishop, 18, of 2634 Dewey avenue; David R. Farley, 18, of 2712 Denver street; and William Harry Clark, 22, of 2010a Illinois avenue. Hearings were set for July 17.
